GET READY FOR AN AWESOME JOURNEY INTO THE QURAN!

In this book, you'll discover amazing facts and stories that will spark your curiosity and imagination. Plus, we've got fun activities to make learning about the Quran super fun. Let's dive in and explore the wonders of the Qur'an together!

01 The Opening Surah

Did you know that whenever we say surah Al Fatihah in our prayer, we are having a conversation with Allah. Do you want to know what Allah says to us when we say surah Al Fatihah in our prayer?

Watch Juz Amma
with Farhan ChaCha only
on MuslimKids TV™

ACTIVITY

After watching the show Juz Amma with Farhan ChaCha, write what Allah says every single time we say an ayah of surah Al Fatiha.

When I say

Allah responds to me with:

بِسْمِ اللَّهِ
الرَّحْمَنِ الرَّحِيمِ

الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

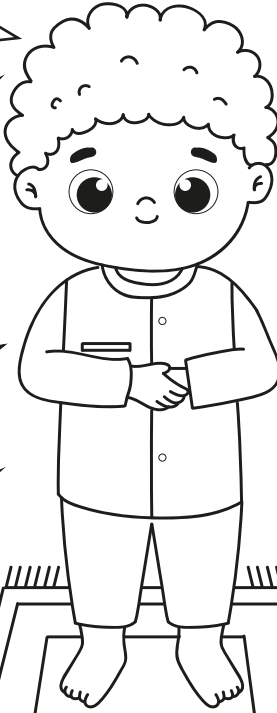

الرَّحْمَنِ الرَّحِيمِ

مَالِكِ يَوْمِ الدِّينِ

إِيَّاكَ نَعْبُدُ وَإِيَّاكَ نَسْتَعِينُ

أَهْدِنَا الصِّرَاطَ الْمُسْتَقِيمَ

صِرَاطَ الَّذِينَ أَنْعَمْتَ
عَلَيْهِمْ غَيْرِ الْمَغْضُوبِ
عَلَيْهِمْ وَلَا الضَّالِّينَ

Blank speech bubbles for writing the response.

02 Ants

The Qur'an talks about many animals, like ants! Ants are amazing team players! They work together and teach us about teamwork.

ACTIVITY

Can you unscramble the letters to find the names of three animals from the Quran?

L E P H E N A T

□ □ □ □ □ □ □ □

E B E

□ □ □

L A C M E

□ □ □ □ □

03 One Of the Shortest Surah

Did you know Surah Asr is one of the shortest parts of the Quran? It's so short you can learn it quickly! Let's read it together:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of Allah, The Most Gracious, The Most Merciful

وَالْعَصْرِ

By the passage of time

إِنَّ الْإِنْسَانَ لِفِي خُسْرٍ

Surely humanity is in grave loss,

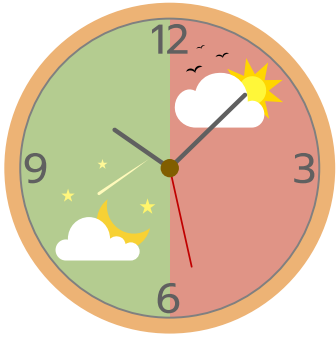

إِلَّا الَّذِينَ ءَامَنُوا وَعَمِلُوا الصَّالِحَاتِ

وَتَوَاصَوْا بِالْحَقِّ وَتَوَاصَوْا بِالصَّبْرِ

except those who have faith, do good, and urge each other to the truth, and urge each other to perseverance.

04 Your Fingerprint

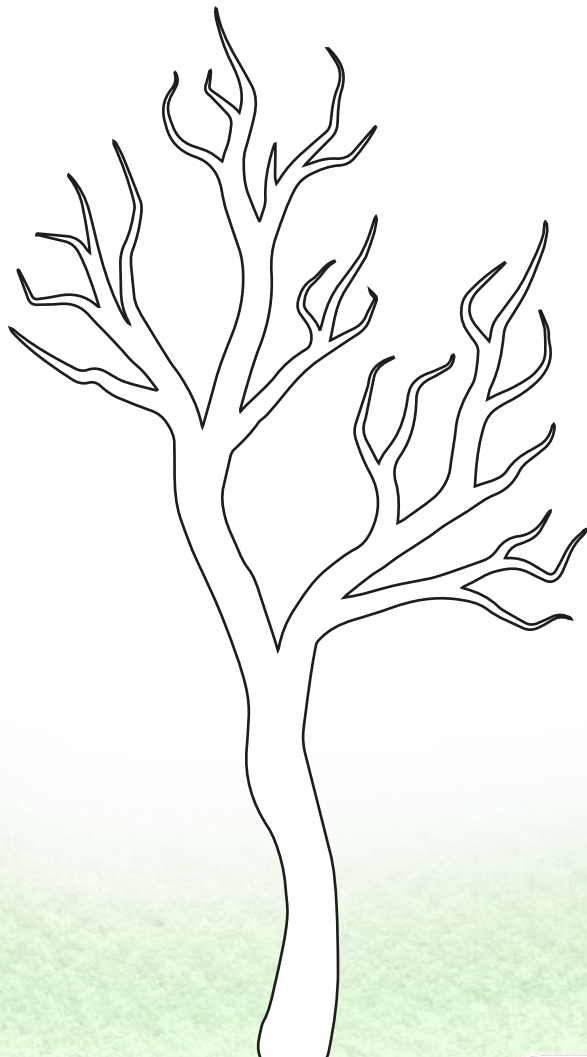

Did you know everyone's fingerprint is unique? Even twins have different fingerprints! Allah pays attention to every detail, even our fingerprints.

Allah says in the Quran:
"Do people think we can't put their bones back together? We can even make their fingers perfectly!"
(Surah Qiyamah 75:3-4)

ACTIVITY Fingerprint Tree

1. Color the tree trunk and branches on the paper.
2. Get an ink pad and paper.
3. Press your finger on the ink pad and then on the paper to make your fingerprint.
4. Add your fingerprints as leaves on the branches to make a fingerprint tree!
5. Compare your fingerprint leaves with your friend to see how different they are.

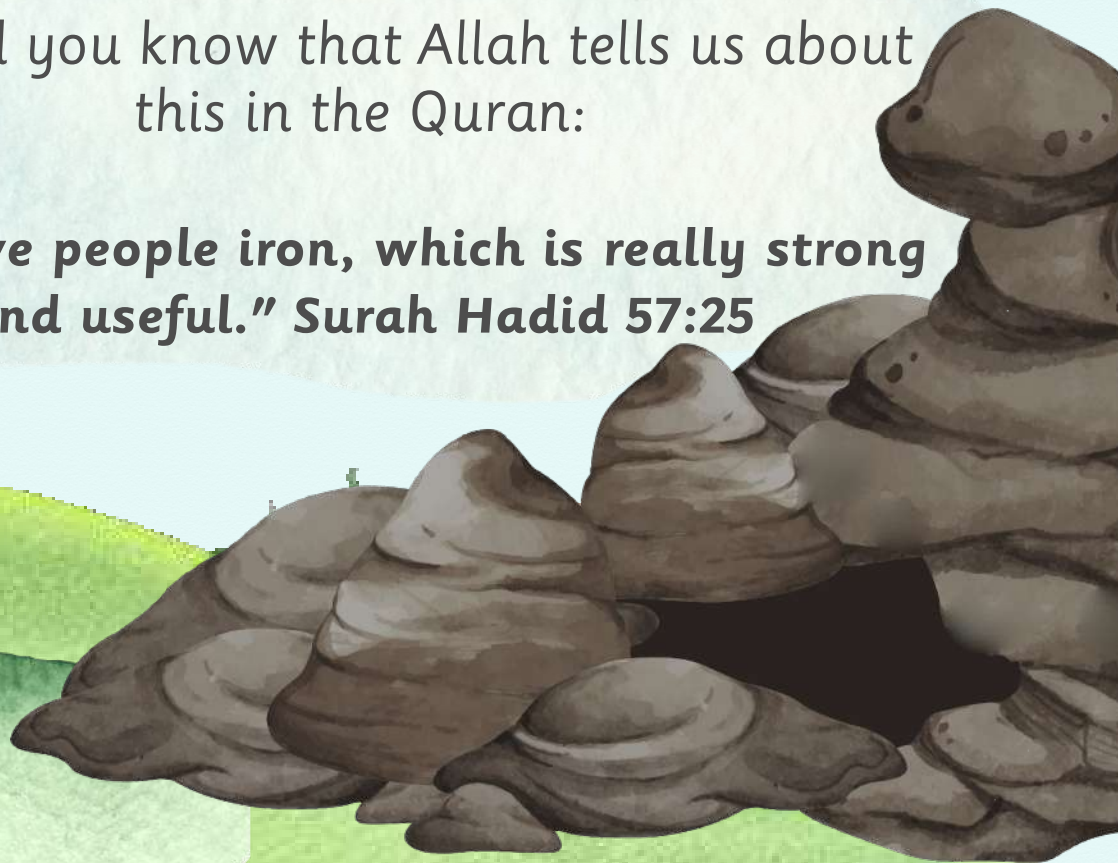

05 The Discovery of Iron

Did you know that iron, a strong metal we use for many things, actually came from outer space? A long time ago, a star exploded, sending its material flying into space. Some of that material ended up on Earth as iron! So, when you see something made of iron, remember it came from a super cool explosion in the sky!

And did you know that Allah tells us about this in the Quran:

"We gave people iron, which is really strong and useful." Surah Hadid 57:25

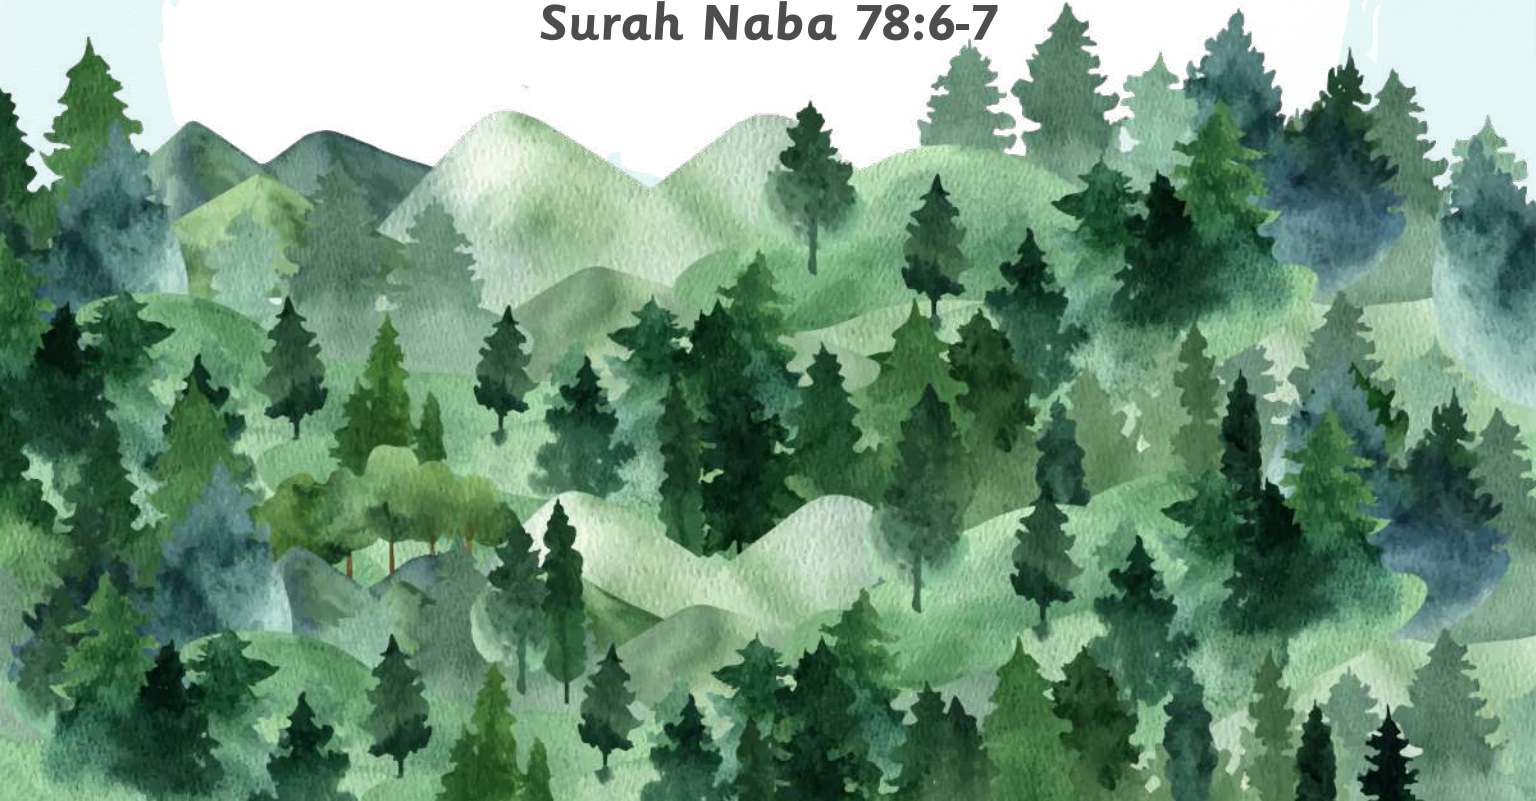

06 Mountains as Pegs

Mountains are humongous and really tall! Mount Everest, the tallest one, is almost 8.8 kilometers high! But did you know it has roots that go even deeper—about 200 kilometers! The Quran mentioned this fact long before scientists discovered it. How amazing is that?

“And the mountains as pegs?”

Surah Naba 78:6-7

07 Barrier Between Seas

The water in the Atlantic Ocean is different from the water in the Mediterranean Sea.

They have a big invisible wall between them, stopping them from mixing! The Quran talked about this many years ago.

"And He made a barrier between them, stopping them from mixing."

Surah Furqan 25:53

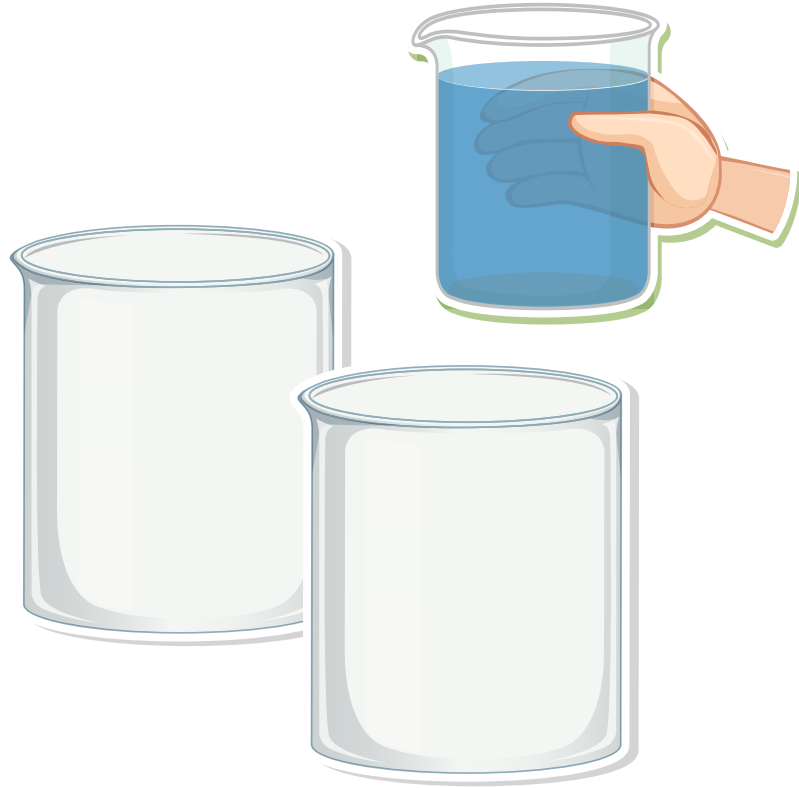

ACTIVITY

Here's a fun experiment to show how freshwater and seawater don't mix!

You'll need:

Two clear containers
Water
Salt
Food coloring
(optional)
Measuring cups
Spoon
Notebook or paper
Pen or pencil

Instructions:

1. Fill one container with freshwater and the other with saltwater.
2. Create a barrier in one container to prevent mixing.
3. Observe and record any differences between the two waters.
4. Optional: Add food coloring for better visibility.
5. Gently tilt or shake the containers to see what happens.
6. Discuss your findings and what they mean.
7. Remember to stay safe and have fun exploring!

08 The Lowest point on Earth

Long ago, some people thought that a verse in the Qur'an meant that a war happened in the "nearest" region. But now, we know something really cool! The place where this war actually took place is the lowest region in the whole world. It happened between the Byzantine and Persian Empires, near the Dead Sea.

Allah says, **“The Romans have been defeated in the nearer land; and they, after their defeat, will overcome within a few years. To Allah belonged the matter before and (to Him it belongs) thereafter. And on that day the believers will rejoice.”**

Surah Rum 30:2-4

5 Interesting Facts about the Dead Sea

1. The Dead Sea is not actually a sea but a saltwater lake.
2. It is one of the saltiest bodies of water on Earth, with almost 10 times more salt than ordinary seawater.
3. The Dead Sea is the lowest point on Earth, sitting at around 430 meters below sea level.
4. The water of the Dead Sea is so salty that it makes swimming in it very difficult.
5. The mud from the Dead Sea is rich in minerals and is believed to have medicinal properties.

09

Spherical shape of the Earth

Long ago, people believed that the world was like a flat disk sitting on the backs of four enormous elephants. They thought there was a big dome in the sky too. But later on, smart people like Al Biruni and Isaac Newton realized that the Earth is actually shaped more like an oval.

But you know what's amazing? The Qur'an actually told us that the Earth is round almost 1400 years ago!

“And after that He spread the Earth.”

Surah Naziat 79:30

“He created the heavens and Earth in truth. He wraps the night over the day and wraps the day over the night and has subjected the sun and the moon, each running [its course] for a specified term. Unquestionably, He is the Exalted in Might, the Perpetual Forgiver.” Surah Zumar 39:5

ACTIVITY

True or False

1. The Earth is flat like a pancake.

True

False

2. The shape of the Earth can be observed from space.

True

False

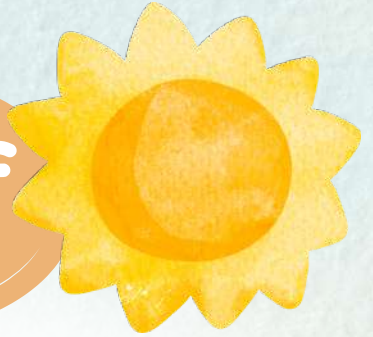

3. The Earth is slightly flattened at the poles and bulges at the equator.

True

False

10 Rotation of the Sun

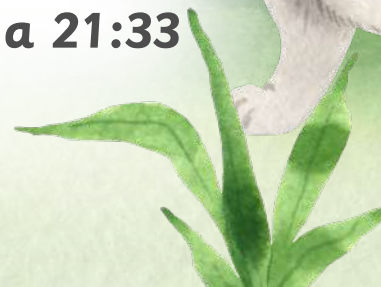

Long ago, scientists thought that the Earth was at the center and everything in the sky like the Sun and the stars moved around it. Then, they learnt that the Sun was at the center of our solar system, and that planets go around the Sun, while also spinning around themselves.

We now know that our Earth spins on its axis causing day and night. The Earth also goes around the Sun, which gives us our year and different seasons.
But guess what?

The Quran actually told us all of this almost 1400 years ago!

Allah says: **“And it is He who created the night and the day and the Sun and the moon; all in an orbit are swimming.” Surah Anbiya 21:33**

ACTIVITY

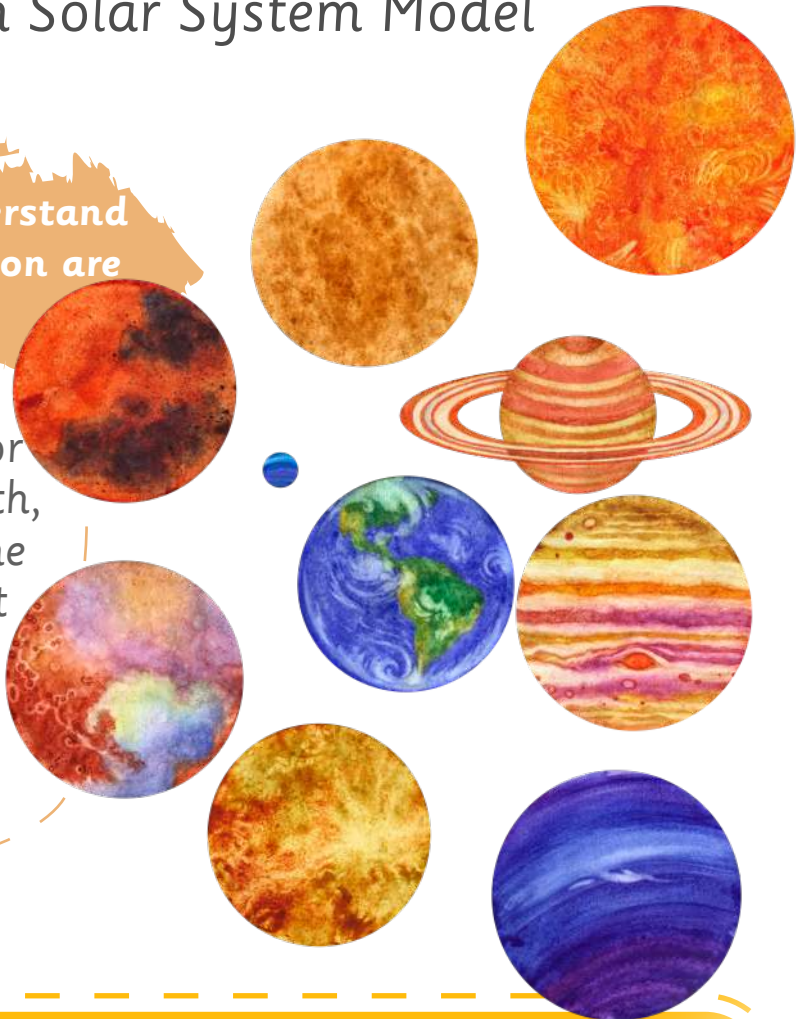

Create Your Own Solar System Model

Let's make a model to understand how the sun, Earth, and moon are related. You'll need:

Paper

- Styrofoam balls (1 large for the sun, 1 small for the Earth, and 1 more small one for the moon) – if you don't have it you can use cardboard.

- Paint or markers
- Craft sticks or toothpicks
- Glue or tape

Here's what you do:

1. Paint the styrofoam balls to look like the sun, Earth, and moon.

2. Attach the large ball (sun) to a surface.

3. Attach the small ball (Earth) to a craft stick and place it at a distance from the sun that reflects the real scale.

4. Attach the smallest ball (moon) to another craft stick and place it closer to the Earth.

That's it! You've created your own solar system model.

11 Fresh Water

Did you know that almost all the water on Earth is salty? We can't use or drink salt water! Only 3% of earth's water is fresh, sweet water. But guess what? We have a special system that helps replenish our freshwater, so it doesn't run out.

Mountains are also a source of freshwater, which is really cool!

And you know what's even more amazing? The Qur'an actually told us about these facts a long time ago, way before we discovered them recently!

“And have you seen the water that you drink? Is it you who brought it down from the clouds, or is it We who bring it down? If We willed, We could make it salty, so why are you not grateful?”

Surah Waqiah 56: 68-70

ACTIVITY

Knowledge Trivia
Mark the correct answer.

Which one is an example of a freshwater creature?

- a) Ocean
- b) River
- c) Coral Reef

True or False: Fish can live in both freshwater and saltwater.

- a) True
- b) False

Where can you find a saltwater creature?

- a) Forest
- b) Desert
- c) Ocean

What is the source of freshwater on Earth?

- a) Rainfall
- b) Oceans
- c) Volcanoes

What is the main difference between freshwater and saltwater?

- a) Freshwater is found in oceans, while saltwater is found in rivers and lakes.
- b) Saltwater has salt in it, while freshwater does not.
- c) Freshwater is used for drinking, while saltwater is used for swimming.

Answers:

1) river 2) true 3) ocean 4) rainfall 5) saltwater has salt in it while freshwater does not

12 The Elephant

In the Quran, there is a special mention of an amazing animal called the elephant. The Quran, in Surah Fil, tells us about a time when a powerful king named Abraha tried to attack the Kaaba in Makkah with an army that included elephants. But something extraordinary happened! As they approached, a flock of birds came flying through the sky and dropped pebbles on the enemy's army. These pebbles turned into fiery rocks and scared away the elephants, saving the Kaaba from destruction.

ACTIVITY

Materials:

- Gray construction paper
- Scissors
- Glue stick
- Markers
- Googly eyes (optional)
- Elephant craft template printable

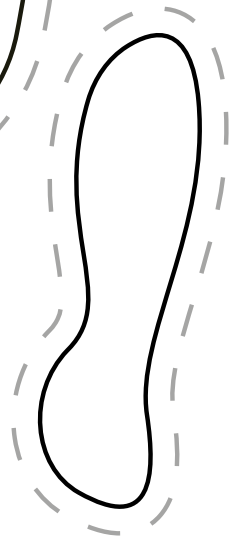

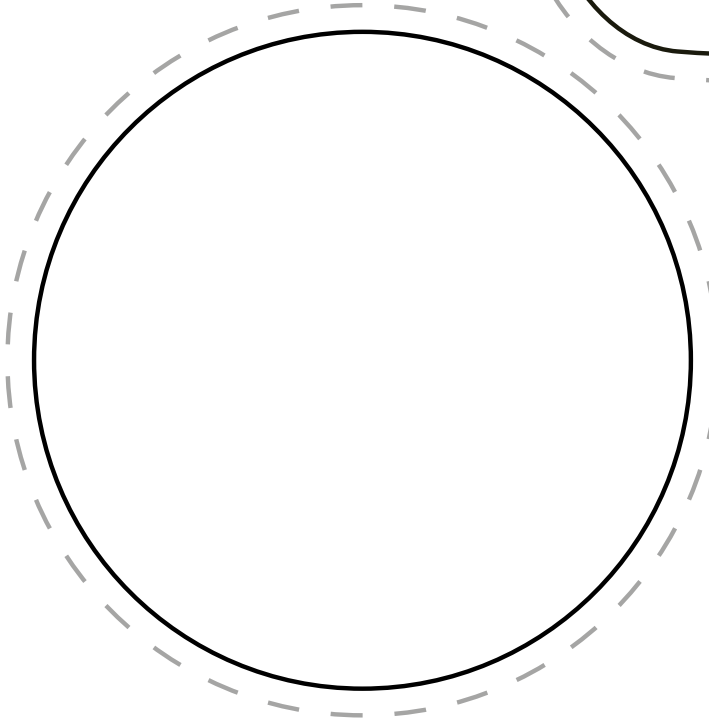

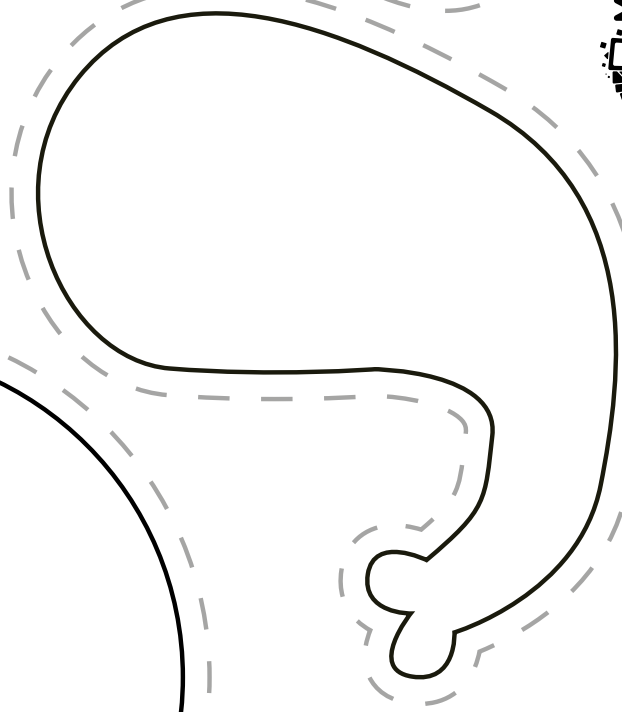

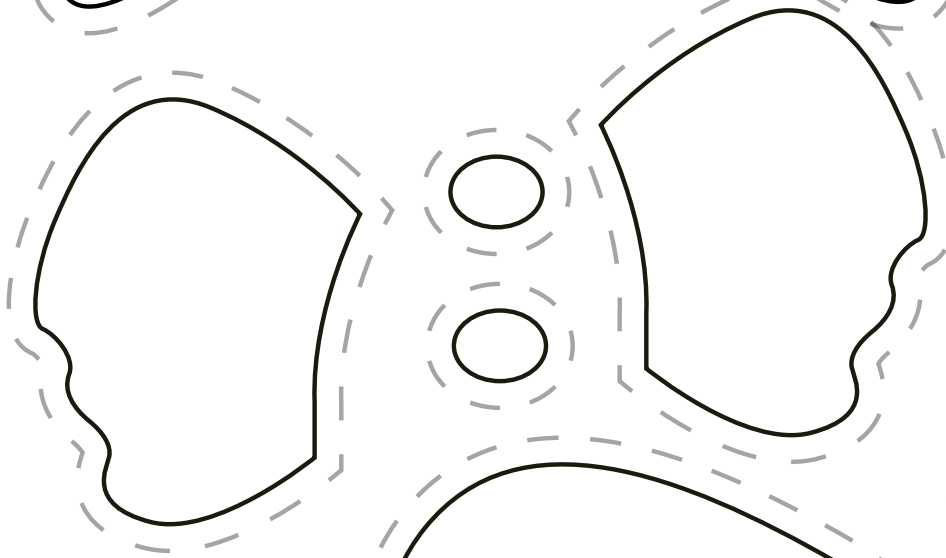

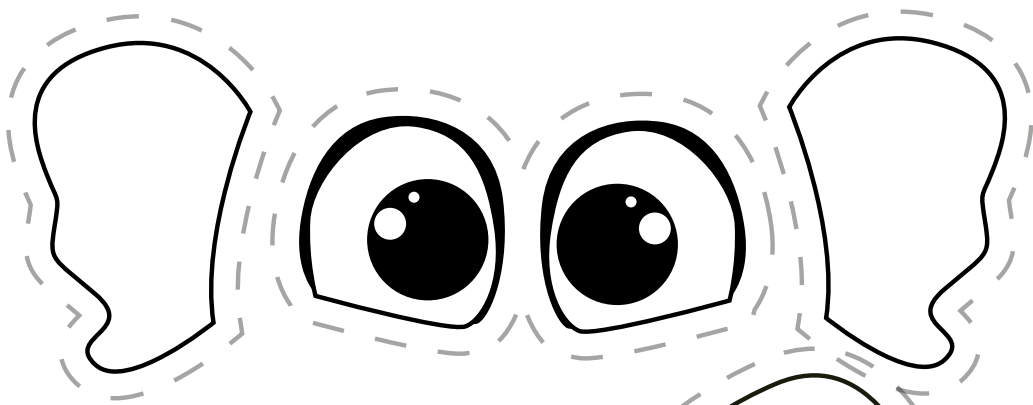

Instructions:

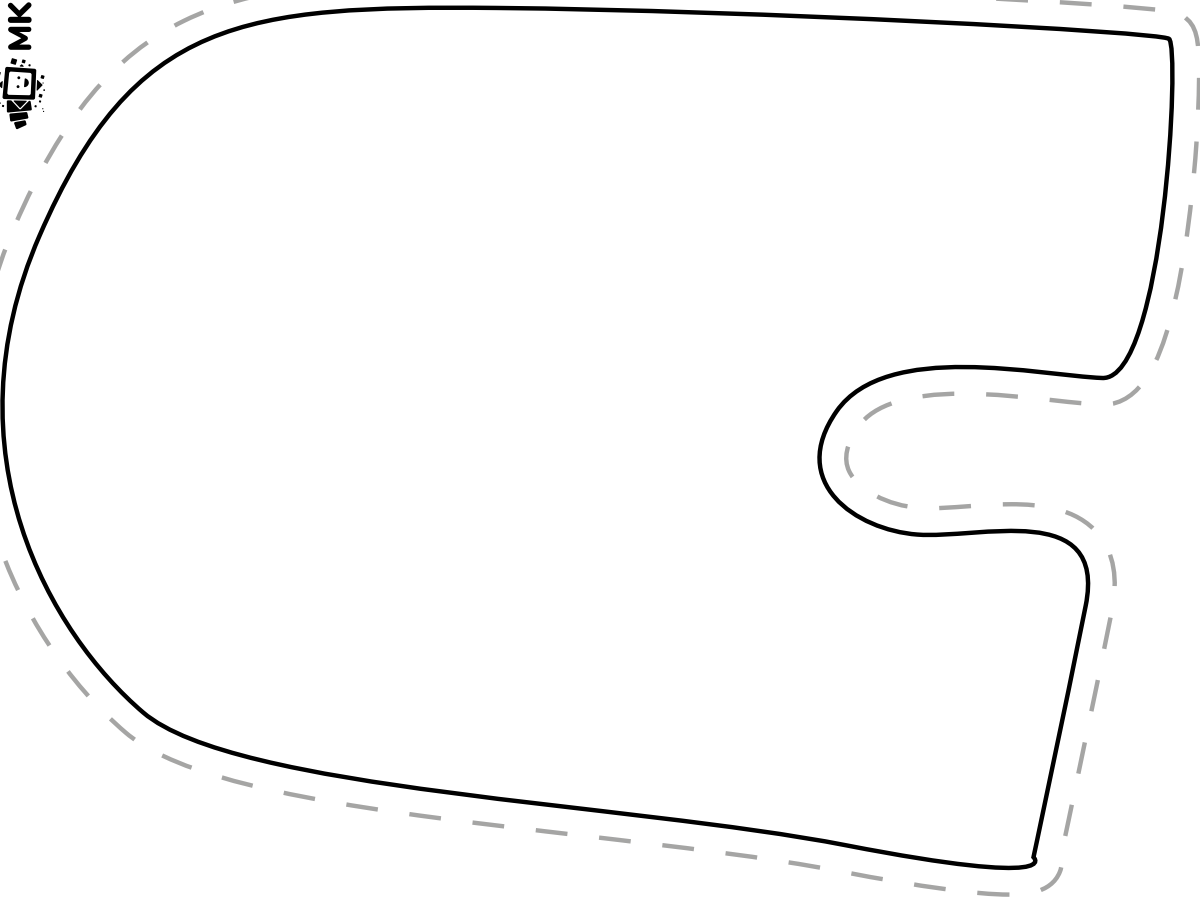

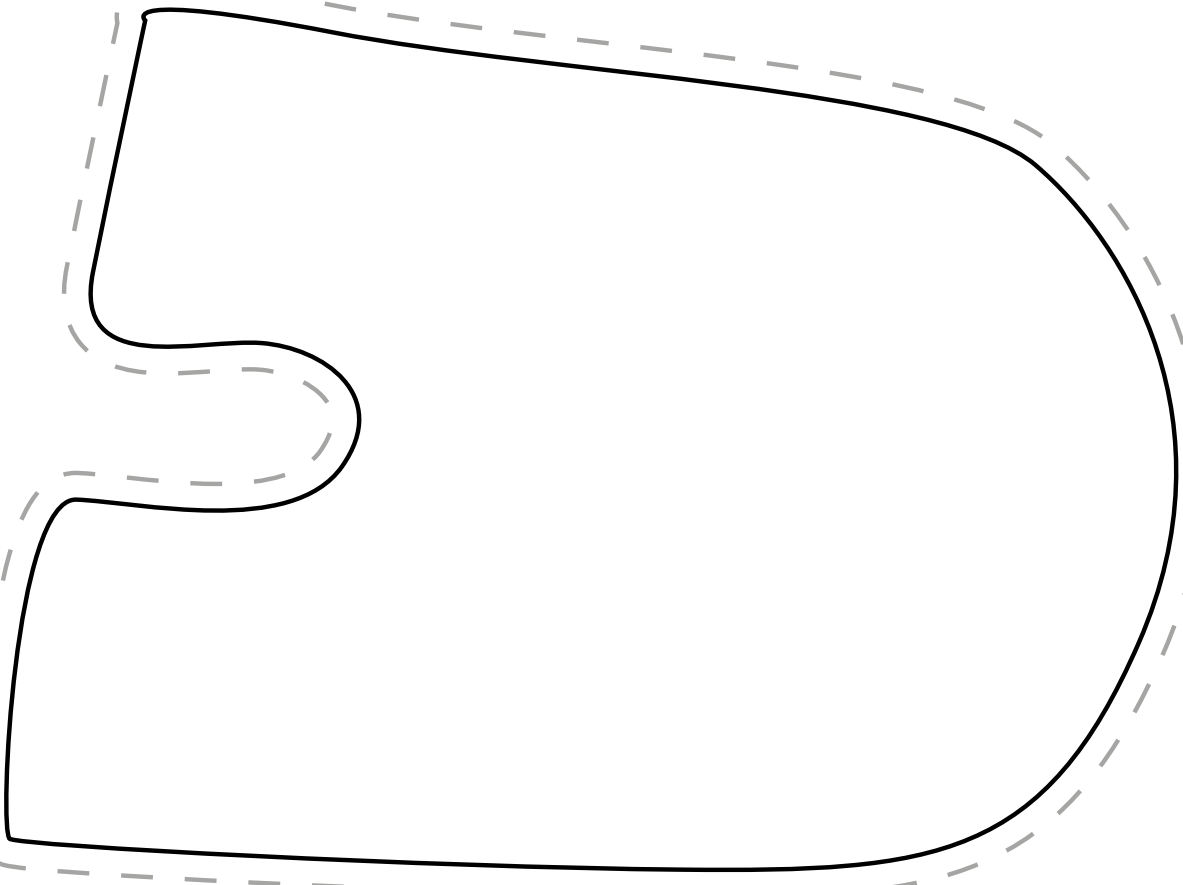

1. Print out the elephant craft template.
2. Cut out all the parts from gray paper.
3. Stick the parts together using glue.
4. Choose and cut out a pair of eyes from the sheet or use googly eyes.
5. Glue the eyes in place.
6. Use markers to add details

to your elephant.

7. Glue the back section to the front.
8. Fold the back around the tail like an A-frame.
9. Fold the feet a bit to help the elephant stand.
10. Curl the tail, trunk, and ears using a pencil or marker.

Have fun making your elephant craft!

Elephant Fun Facts

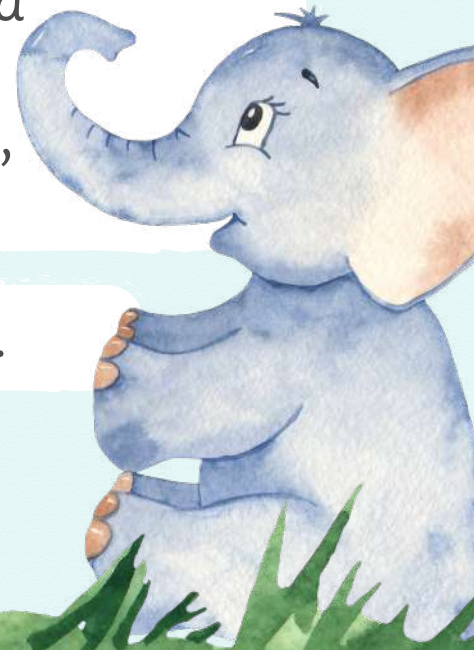

You probably already know that elephants are the world's largest land animal, weighing up to 6 tons.

Different species have slightly different shaped ears. That's how you can tell the African and Asian varieties apart.

The tusks are actually teeth that grow throughout their entire lives.

Elephants communicate in a variety of ways, including trumpet calls, body language, touch, scent and vibration.

They truly never forget.

13

The Hoopoe Bird

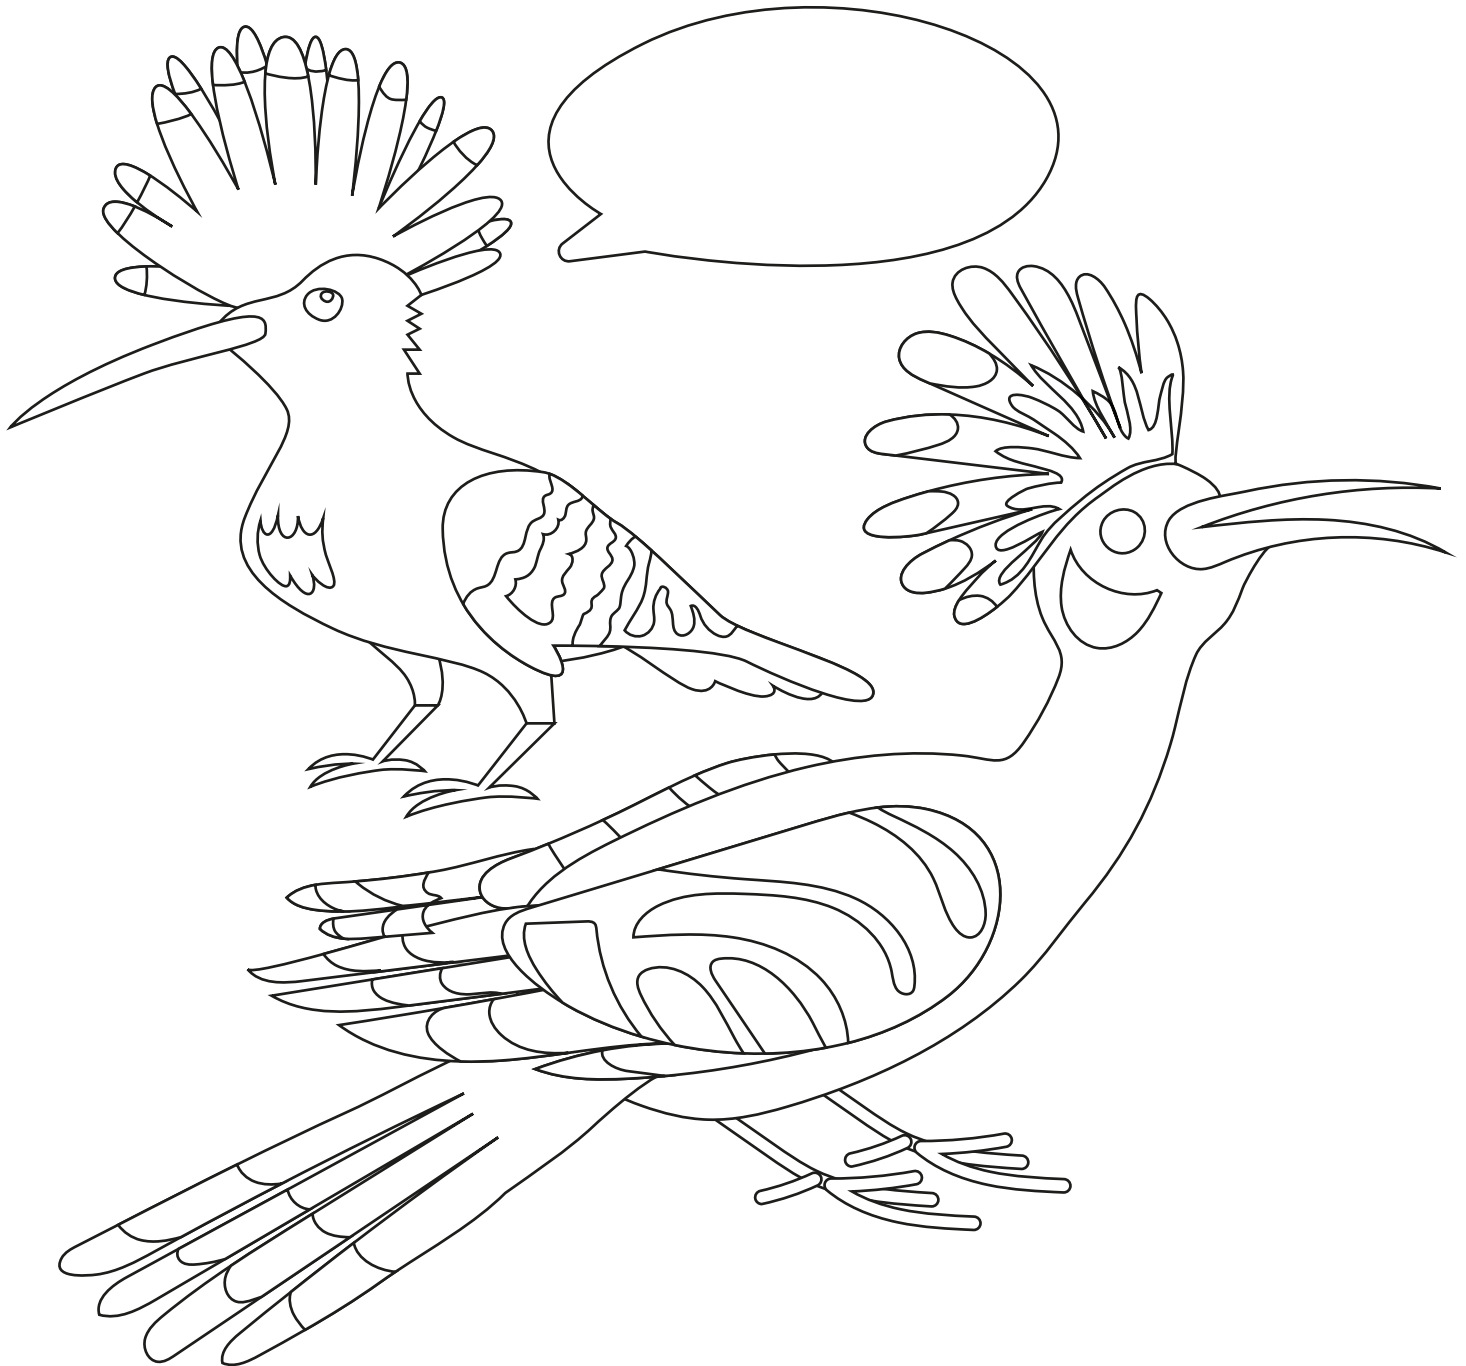

During the time of Prophet Sulaiman (alayhi salaam), a hoopoe bird set out on a journey to find the Queen of Sheba, who ruled a distant land. It approached the Queen with a message from the wise and knowledgeable Sulaiman (alayhi salaam), about the wonders of Allah's creations and how Sulaiman (alayhi salaam), wanted her to believe in the one true God - Allah. From that day on, the hoopoe became a symbol of wisdom and trust. Its story reminds us that even the smallest creatures can have important roles in spreading goodness and truth.

So, whenever you see a hoopoe bird or hear its name, remember the story of the hoopoe and the Queen of Sheba.

ACTIVITY

Pretend you are the hoopoe bird speaking to Prophet Sulayman (alayhi salaam).

What would you say?

14 Horses

Surah Adiyat is a part of the Qur'an about horses. It tells us how strong, fast, and loyal horses are. Long ago, during battles in the time of the Prophet Muhammad (peace be upon him), horses raced bravely. They showed courage, speed, and determination to win. Horses were brave friends in those old battles.

The surah also talks about people who forget to thank Allah for all the good things they have. It reminds us to be grateful for what we have and to use our blessings wisely.

15 The Men In The Cave

The story of the men in the cave is mentioned in Surah Kahf (the 18th chapter) of the Quran. It tells us about a group of young men who believed in and worshipped the One True God - Allah.

"[Mention] when the youths retreated to the cave and said, 'Our Lord, grant us from Yourself mercy and prepare for us from our affair right guidance.'" (Surah Kahf, 18:10)

Many years ago, during a time when people were worshipping idols and made up gods, these young men decided to stay true to their belief in Allah. They didn't want to follow the wrong path and worship idols.

Because of their faith, they faced challenges and were treated badly by others. So, they sought shelter in a cave. Allah put them into a deep sleep, and they remained asleep for many years. While they were sleeping, Allah protected them from harm.

When they woke up, the world had changed a lot. The people in the town nearby had started to believe in Allah, just like the young men did. People knew about the young men and their story.

The story of the men in the cave teaches us the importance of staying firm in our beliefs, even when it's difficult. It shows us that Allah can protect and take care of us, even in challenging times.

16 Bees

In Surah An-Nahl (The Bee),
Allah says,

**"And your Lord inspired the bee,
saying: 'Take you habitations in the
mountains and in the trees and in what
they erect.'" (Quran 16:68).**

**Honeybees and honey are super cool! Here
are some fun facts about them:**

- 1.** Did you know that honeybees are like nature's superheroes, helping plants grow by carrying pollen from flower to flower.
- 2.** Honey is a sweet treat that bees make. It's even sweeter than sugar! Did you know that there are different colors of honey? Some are light and some are dark.

In Surah An-Nahl, Allah says,
"There comes forth from within it a fluid of varying colors, wherein is healing for mankind." (Quran 16:69).

3. Bees are amazing flyers! They can zoom through the air at speeds of up to 15 miles per hour. That's faster than many of us can run!

4. Bees have been around for a really long time, even before the dinosaurs! They've been buzzing around for about 30 million years, helping plants and making honey.

5. To make just one pound of honey, bees have to visit about 2 million flowers! That's like going on a flower treasure hunt. Talk about hard work!

6. Honey isn't just yummy, it's also good for you. It gives bees lots of energy, and it's packed with antioxidants that can help keep us healthy too.

7. Boys bees are called drones, and did you know that they don't have stingers? Only girl bees, called worker bees, have stingers to protect their hive.

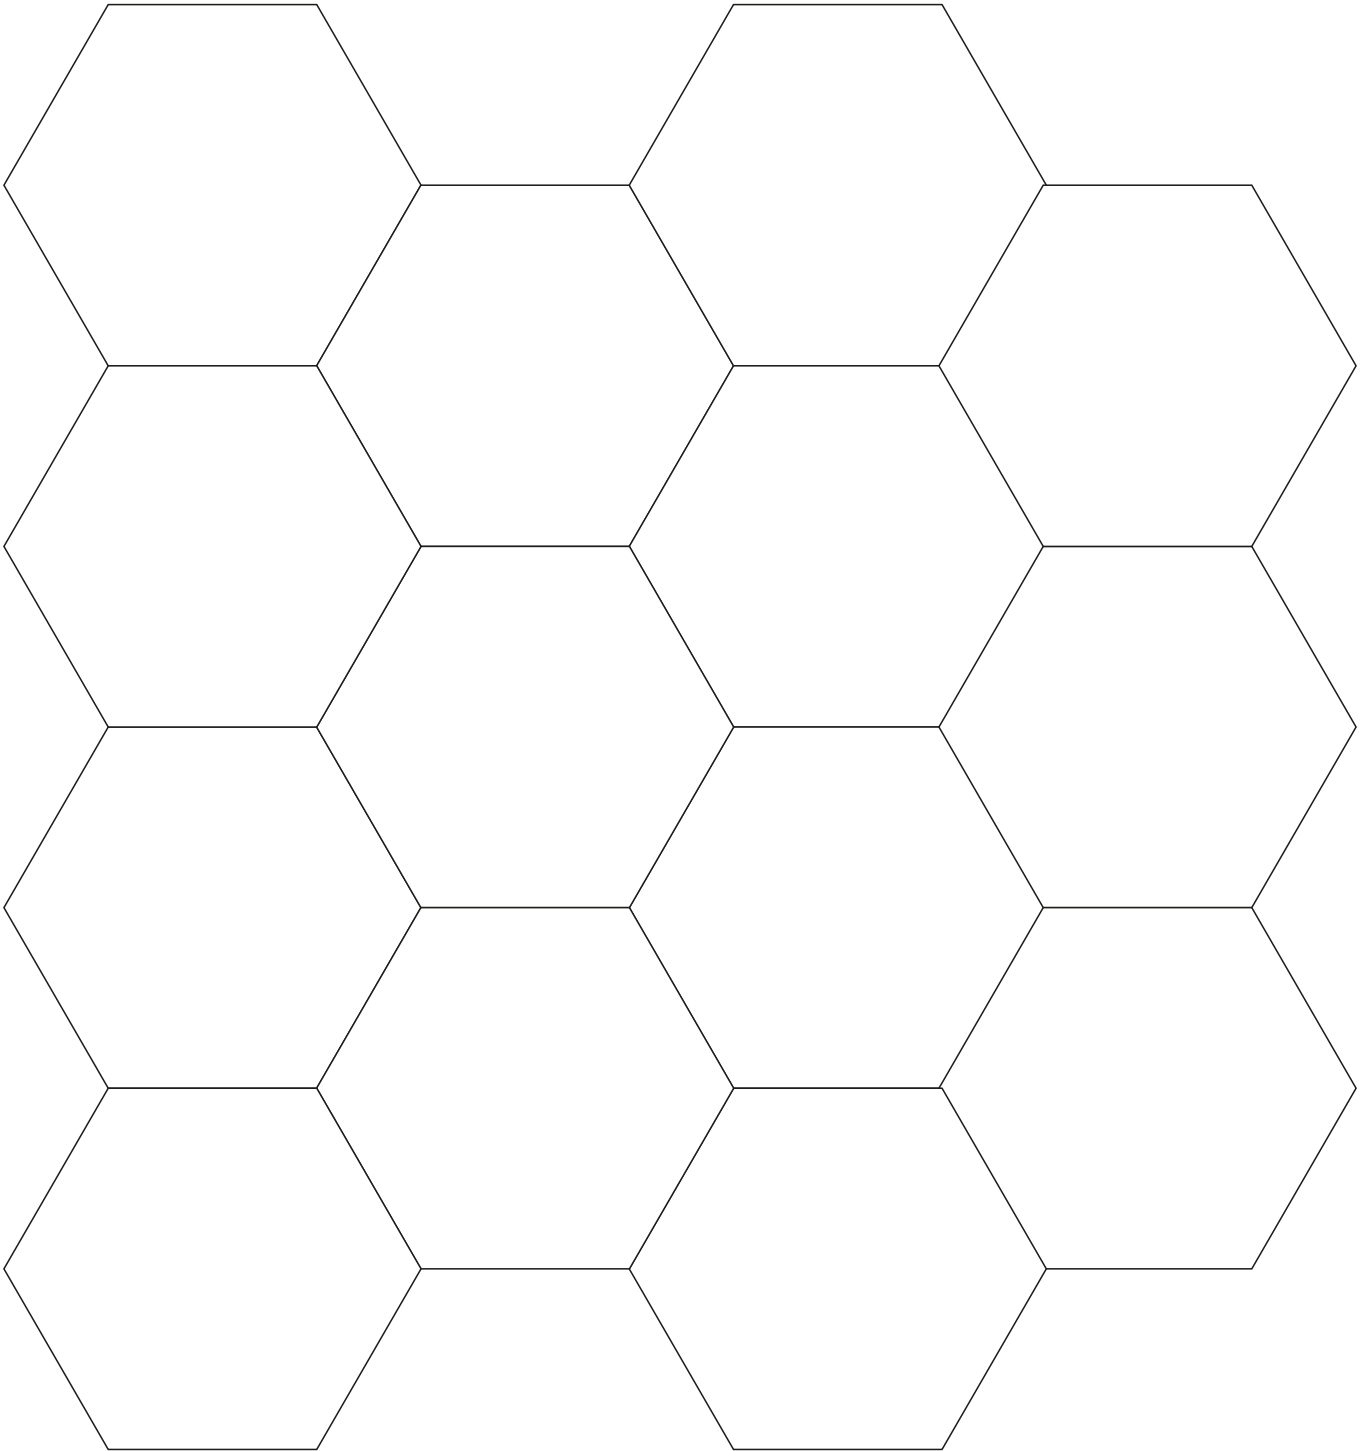

These are just some of the awesome things about honeybees and honey.

So next time you see a bee buzzing around or taste some delicious honey, remember how incredible these little creatures are!

ACTIVITY

Color the honeycomb template in a golden color to resemble a honeycomb.

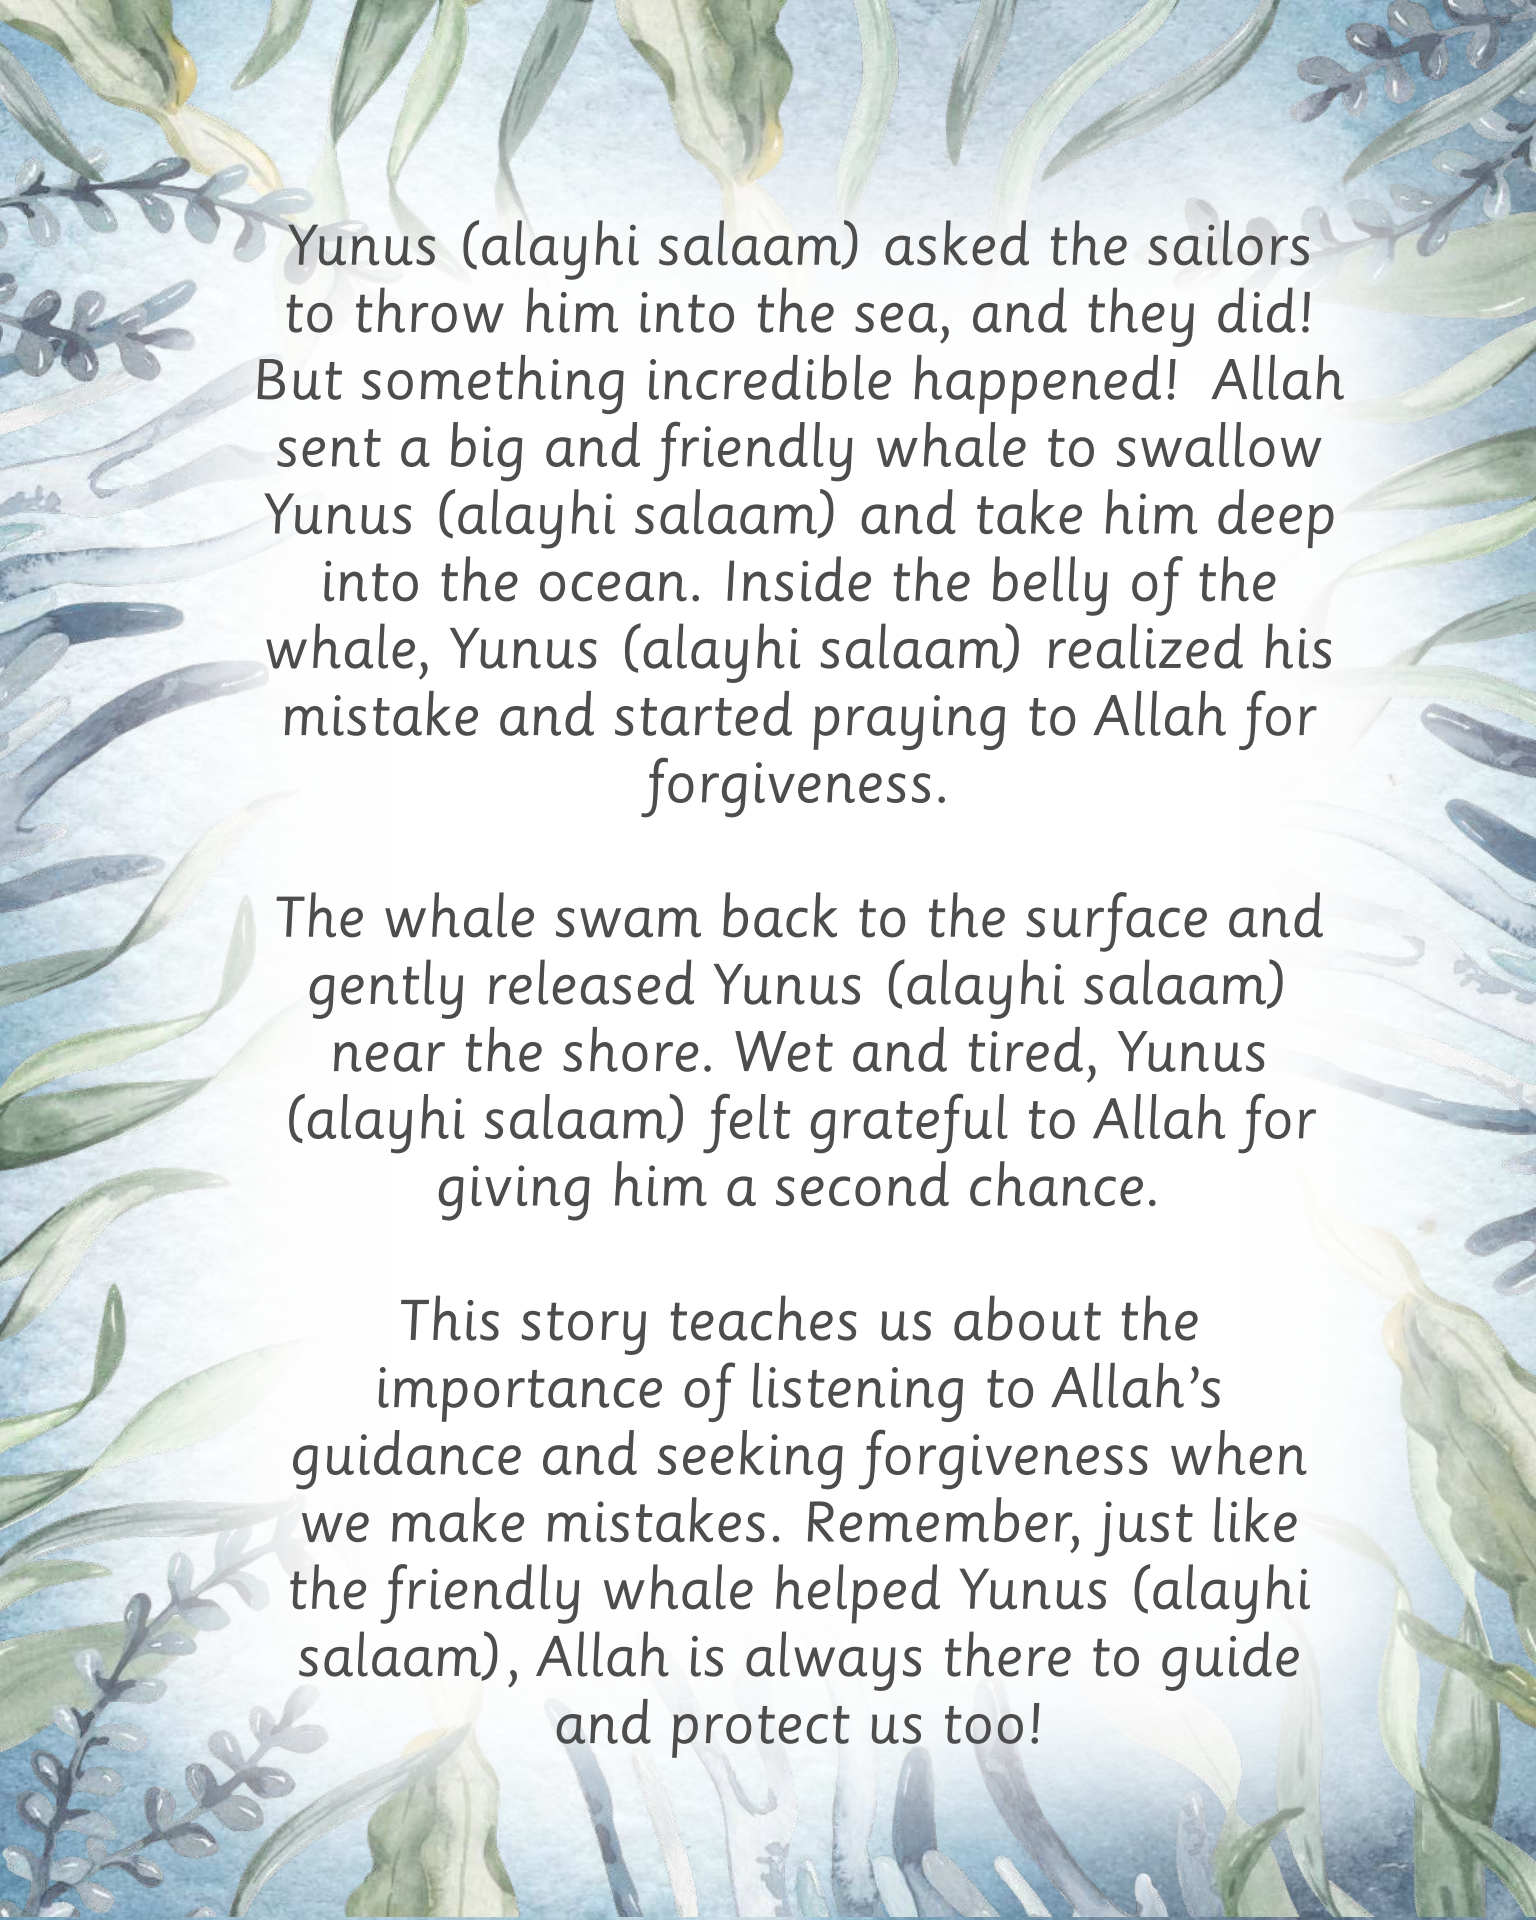

17 The Story of the Whale

Once upon a time, there was a prophet named Yunus (alayhi salaam). He was sent by Allah to guide people and remind them to do good. However, some people did not listen to him and turned away from doing what was right.

Yunus (alayhi salaam) became sad and decided to leave the city. He got on a ship and sailed away. But as he sailed, a huge storm started brewing, and the ship began to rock and shake.

The sailors on the ship knew that ship would sink. They tried throwing luggage overboard so the ship wouldn't sink, but it wasn't enough so they decided to draw a name to pick a person to be thrown overboard. It was Yunus's (alayhi salaam) name that came up!

Yunus (alayhi salaam) asked the sailors to throw him into the sea, and they did! But something incredible happened! Allah sent a big and friendly whale to swallow Yunus (alayhi salaam) and take him deep into the ocean. Inside the belly of the whale, Yunus (alayhi salaam) realized his mistake and started praying to Allah for forgiveness.

The whale swam back to the surface and gently released Yunus (alayhi salaam) near the shore. Wet and tired, Yunus (alayhi salaam) felt grateful to Allah for giving him a second chance.

This story teaches us about the importance of listening to Allah's guidance and seeking forgiveness when we make mistakes. Remember, just like the friendly whale helped Yunus (alayhi salaam), Allah is always there to guide and protect us too!

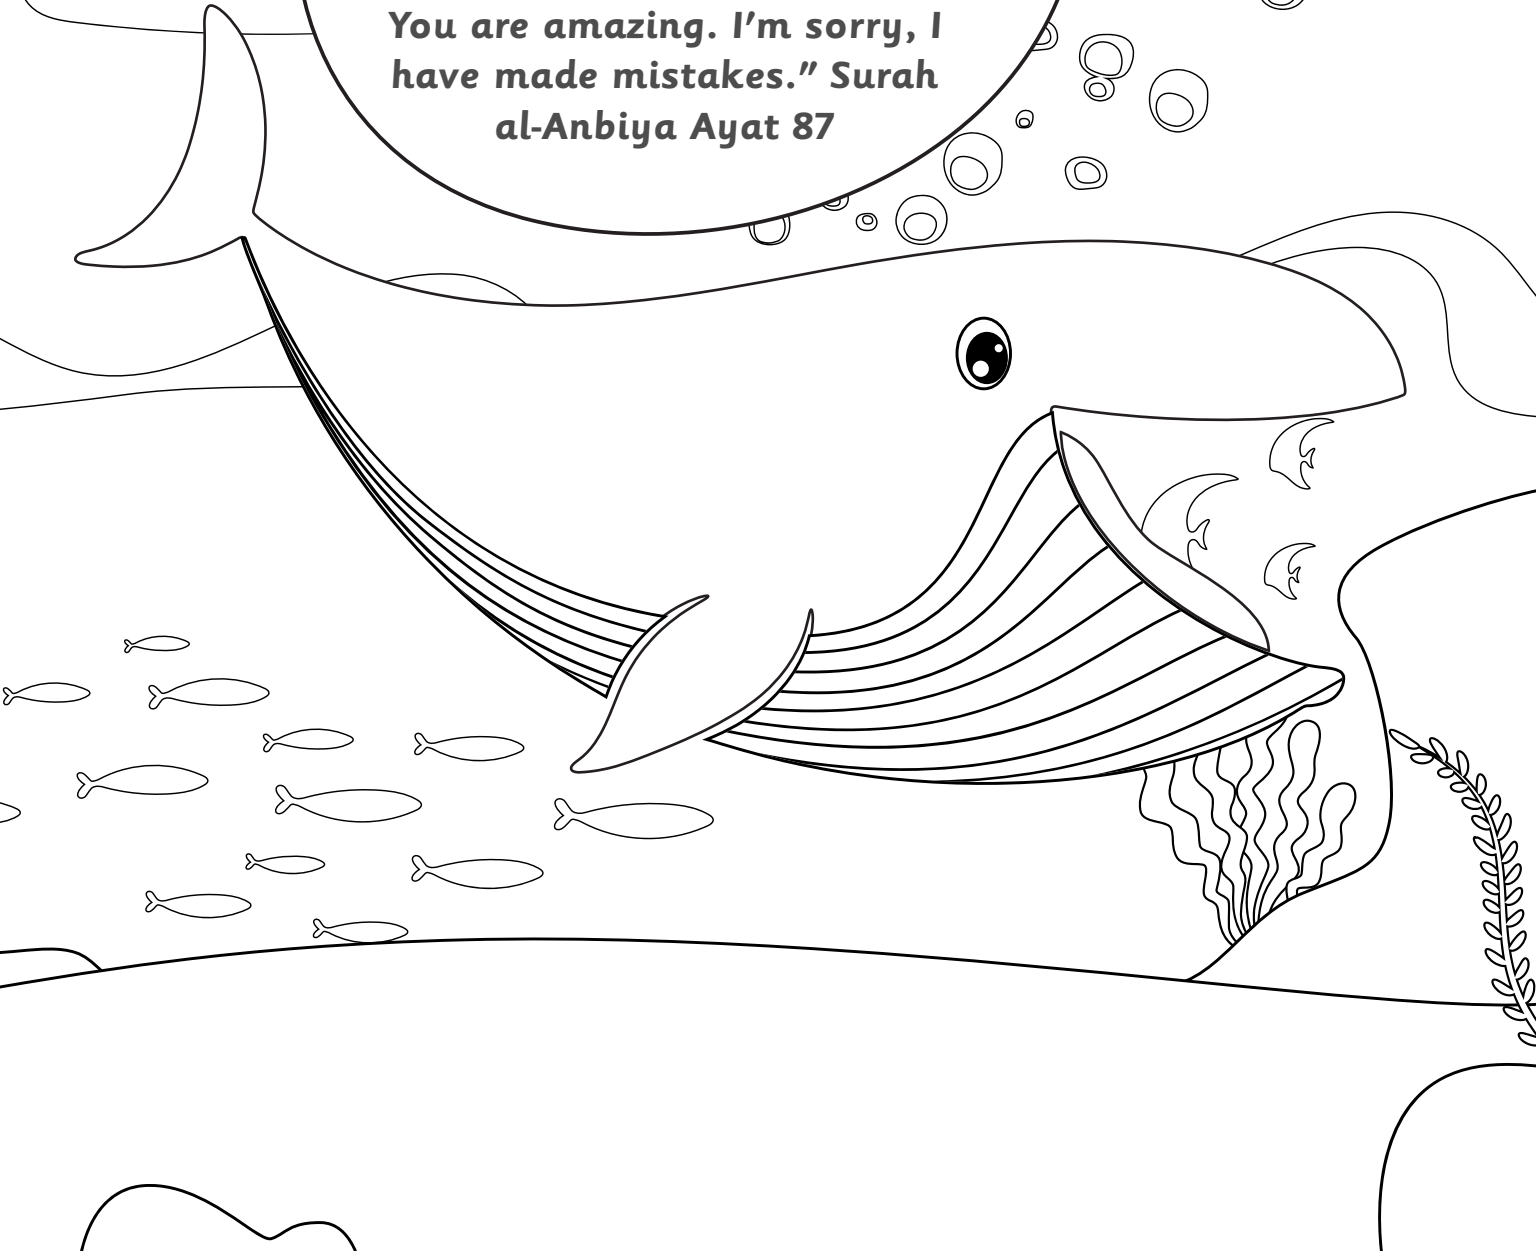

ACTIVITY

Color the Whale

لَا إِلَهَ إِلَّا أَنْتَ سُبْحَانَكَ
إِنِّي كُنْتُ مِنَ الظَّالِمِينَ

Laa ilaaha illaaa Anta Subhaanaka
innee kuntu minaz zaalimeen

**“There is no god except Allah;
You are amazing. I’m sorry, I
have made mistakes.” Surah
al-Anbiya Ayat 87**

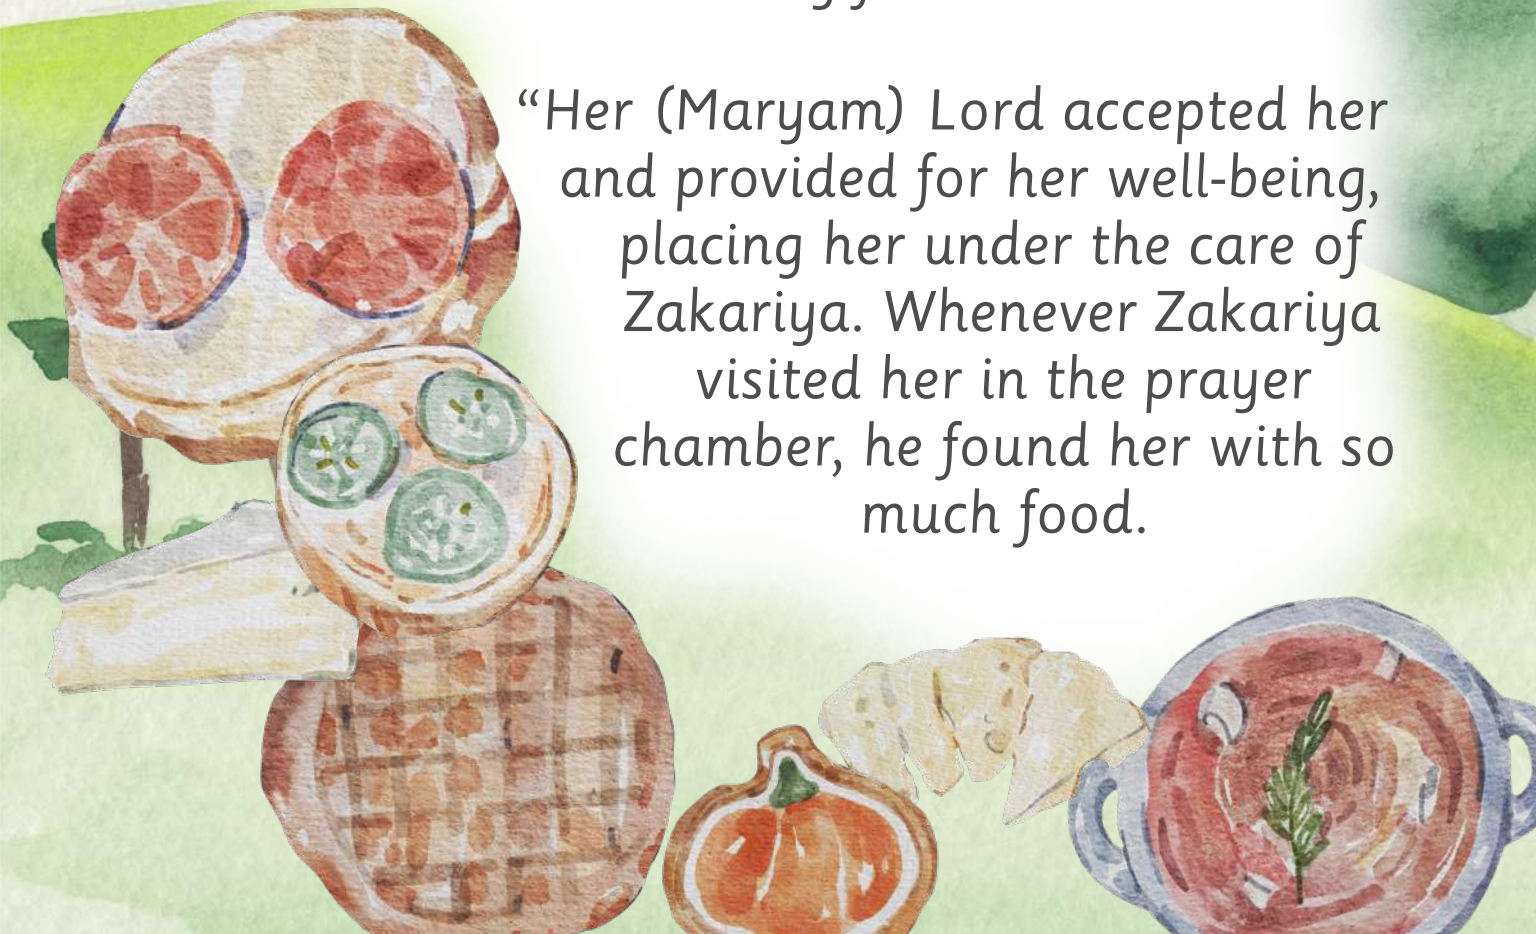

18

Maryam's (alayha salaam) Miraculous Provisions

Allah loved Maryam (alayha salaam) very much, so He sent a many different kinds of delicious foods for her. It was like a big feast right in front of her eyes! Maryam (alayha salaam) was surprised and was very thankful for Allah's blessings. She knew that this was a special gift, so she thanked Allah and enjoyed the tasty food.

“Her (Maryam) Lord accepted her and provided for her well-being, placing her under the care of Zakariya. Whenever Zakariya visited her in the prayer chamber, he found her with so much food.

He said, “Oh Maryam! Where did you get this food from?” She said, “From Allah, for He provides sustenance to whom He wills without measure”

This amazing miracle showed Maryam (alayha salaam) how much Allah cares for His people and provides for them. It teaches us to trust in Allah's love and always be grateful for the food and blessings we receive.

19 Prophet Yusuf's (alayhi salaam) Dream

Once upon a time, there lived a young boy named Yusuf (alayhi salaam). He was blessed with beauty, wisdom, and the ability to interpret dreams. He had a dream in which he saw eleven stars, the sun, and the moon prostrating before him. Intrigued by this dream, Yusuf (alayhi salaam) shared it with his father, Prophet Ya'qub (alayhi salaam). Ya'qub (alayhi salaam), being a prophet himself, understood the dream and said that Yusuf (alayhi salaam) would attain a position of great authority and respect.

Interesting Facts

Fun Fact about the Sun: Did you know that the Sun is like a giant ball of fire in the sky? It's so big that more than a million Earths could fit inside it! The Sun gives us light and warmth, and it helps plants grow.

Cool Fact about Stars: Stars come in different colors, just like crayons! Some stars are red, some are blue, and some are yellow. The color of a star tells us how hot or cold it is. Stars twinkle in the night sky because their light has to pass through Earth's atmosphere.

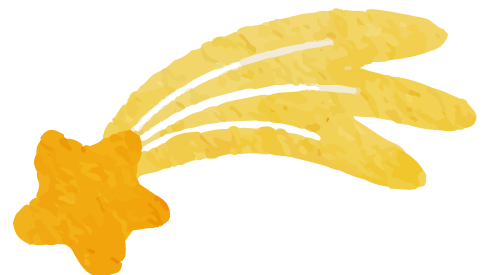

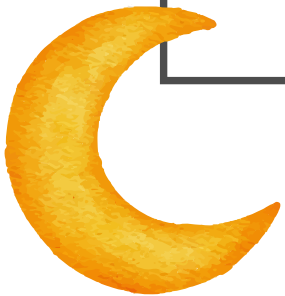

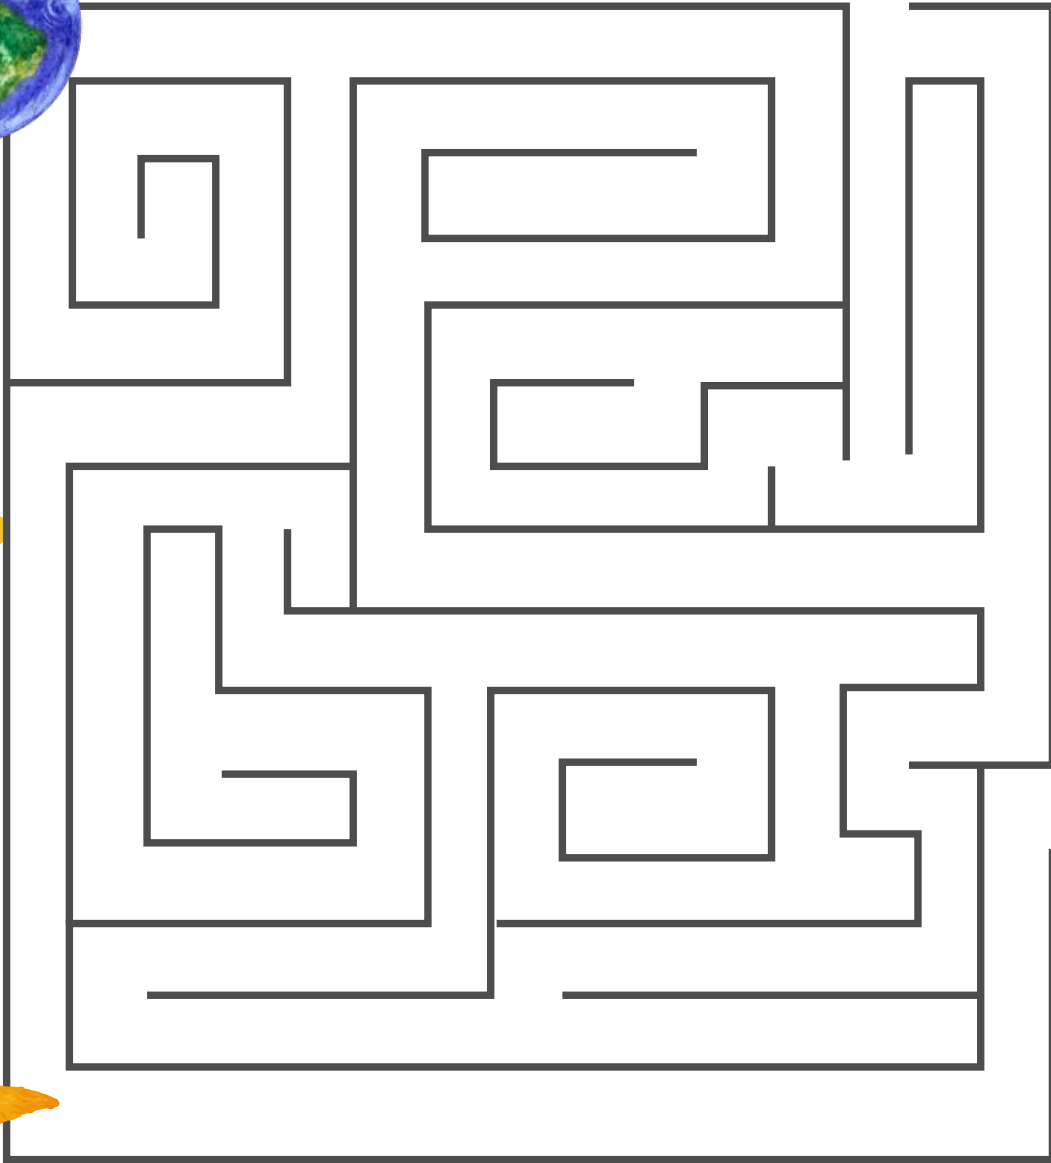

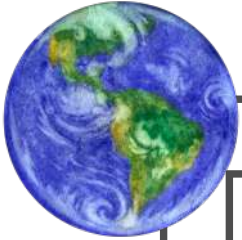

Interesting Fact about the Moon: The moon is Earth's best friend in space! It's not made of cheese, but it's covered in dust and rocks. The moon doesn't have any air or water, so there are no aliens living there. Astronauts have visited the moon and left footprints!

Fun Fact about the Stars' Role: Stars are like cosmic factories! They make new things in space. Did you know that stars create elements like oxygen, carbon, and even gold? When really big stars explode, it's called a supernova, and they spread these elements all around the universe!

ACTIVITY

20

The Miraculous She-Camel and Prophet Saleh (alayhi salaam)

In the Quran, the story of the she-camel and Prophet Saleh (alayhi salaam) is mentioned as a sign from Allah to the people of Thamud. The people of Thamud were a prosperous civilization but refused to worship Allah.

Prophet Saleh (alayhi salaam) was sent by Allah as a messenger to guide the people of Thamud. He warned them about Allah's punishment and asked them to worship Allah alone. As a miraculous sign, Allah allowed Prophet Saleh (alayhi salaam) to bring forth a she-camel from a rock in the mountains!

The she-camel was unique and extraordinary. It was tall and beautiful. Prophet Saleh (alayhi salaam) instructed the Thamud people to treat this she-camel with respect and not to harm her.

However, these people ignored Prophet Saleh's (alayhi salaam) message. Some men decided to kill the she-camel. As a result, Allah sent a severe punishment upon the disbelieving people.

ACTIVITY

Let's make a cool camel using your handprints!

First, paint the palm of your hands with brown color and press it onto a paper to make the camel's body. Then draw a curved line for the neck and add details like the face and tail with more paint or markers. You can even add googly eyes for fun! Now you have your own camel handprint art.

21 The Fire Became Cool for Ibrahim (alayhi salaam)

Prophet Ibrahim (alayhi salaam) was a devoted prophet of Allah who faced numerous challenges throughout his life. When the people of his city saw that he was not worshipping their idols, they decided to throw him into a huge blazing fire!

When Ibrahim (alayhi salaam) was thrown into the huge pit of fire, Allah commanded the fire to become cool and peaceful for him.

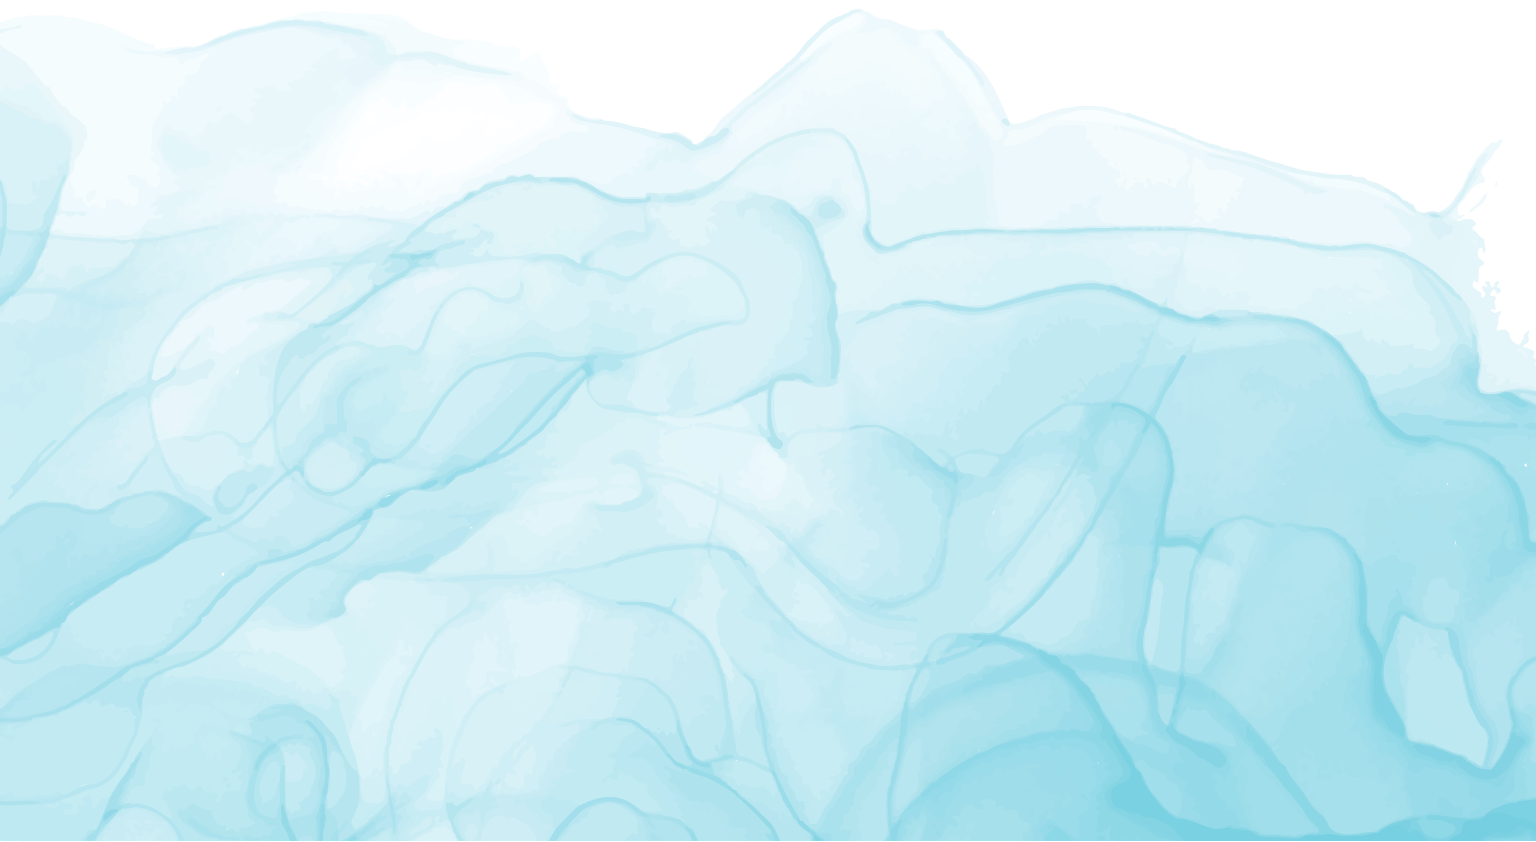

SubhanAllah!

The scorching flames turned into a source of comfort and peace, ensuring that Ibrahim (alayhi salaam) was unharmed.

Allah said, **"O fire, be coolness and safety upon Ibrahim."** (Surah al Anbiya, 21:69)

This astonishing event shows us the power and protection Allah gives to those who place their complete trust in Him.

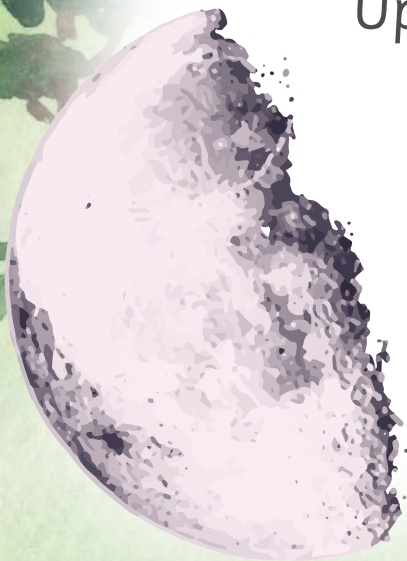

22 The Moon Split into Two

One of the remarkable miracles attributed to Prophet Muhammad (peace be upon him) is the splitting of the moon.

This event is mentioned in the Qur'an in Surah Al-Qamar (Chapter 54), verses 1-3, which states,

"The Hour has come near, and the moon has split."

Upon the request of the people of his time, Prophet Muhammad (peace be upon him) pointed towards the moon and it miraculously split into two distinct halves. After a period of time, the moon was then brought back together.

ACTIVITY

Make Your Moon

To create a cotton ball moon painting, you will need the following materials:

- Paper plate or white cardstock
- Cotton balls
- Paint (dark grey, light grey, light purple, and white)
- Clothespin
- Paintbrush
- Glue (optional)
- Construction paper or black cardstock (optional)

Let's make a cotton ball moon painting! Here's how:

1. Get your materials ready. Use a paper plate as your canvas or cut white cardstock into a circle for the moon shape.

2. Attach a cotton ball to a clothespin to use as your paintbrush.

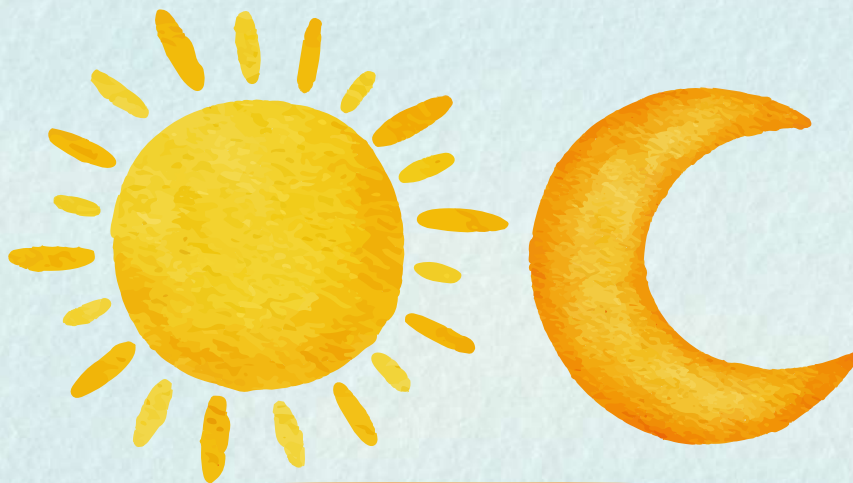

3. Dab dark grey paint on the canvas to create the moon's texture using the cotton ball.

4. Layer light grey paint over the dark grey areas, leaving some spaces untouched for depth.

5. Use a new cotton ball to dab light purple paint on the moon for color.

6. If you want, add drops of white paint to create highlights.

7. Let the paint dry. You can even add a background using construction paper. And there you have it - your very own cotton ball moon painting!

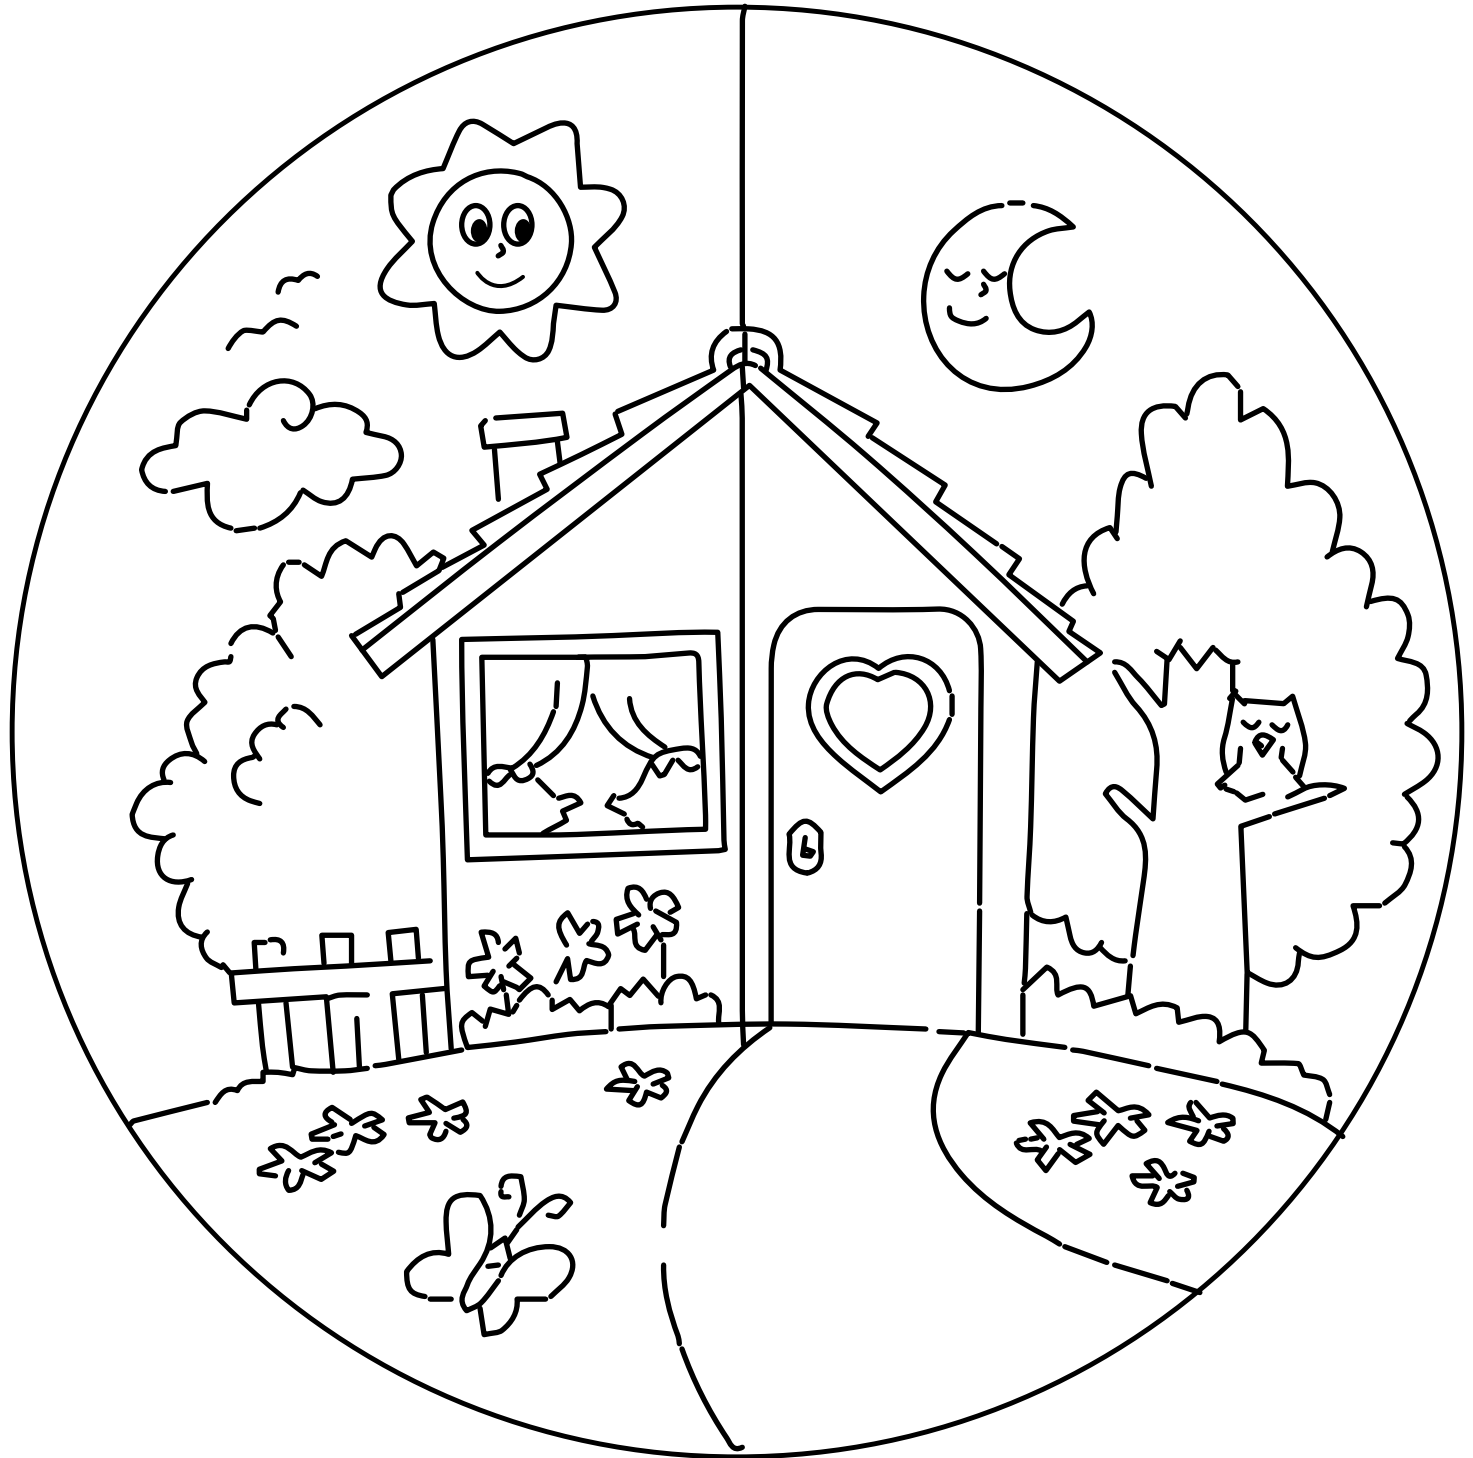

23 The Alternation of Day And Night

In the Qur'an, the creation of day and night is mentioned as one of the signs of Allah's power and wisdom.

“And to Allah belongs the dominion of the Heaven and Earth, and Allah is over all things. Indeed, in the creation of the heavens and earth, and the alternation of the night and the day are signs for those of understanding.” [3:189-190]

ACTIVITY

Color your World

24 Rain From the Sky

One of the ways Allah sends water to Earth is through rain. Rain is like a gift from Allah. It helps plants grow, gives water to animals, and fills up our rivers and lakes. It's a sign of Allah's love and mercy for us.

When we see rain falling from the sky, we should thank Allah and be grateful for the water that helps everything around us to live and grow.

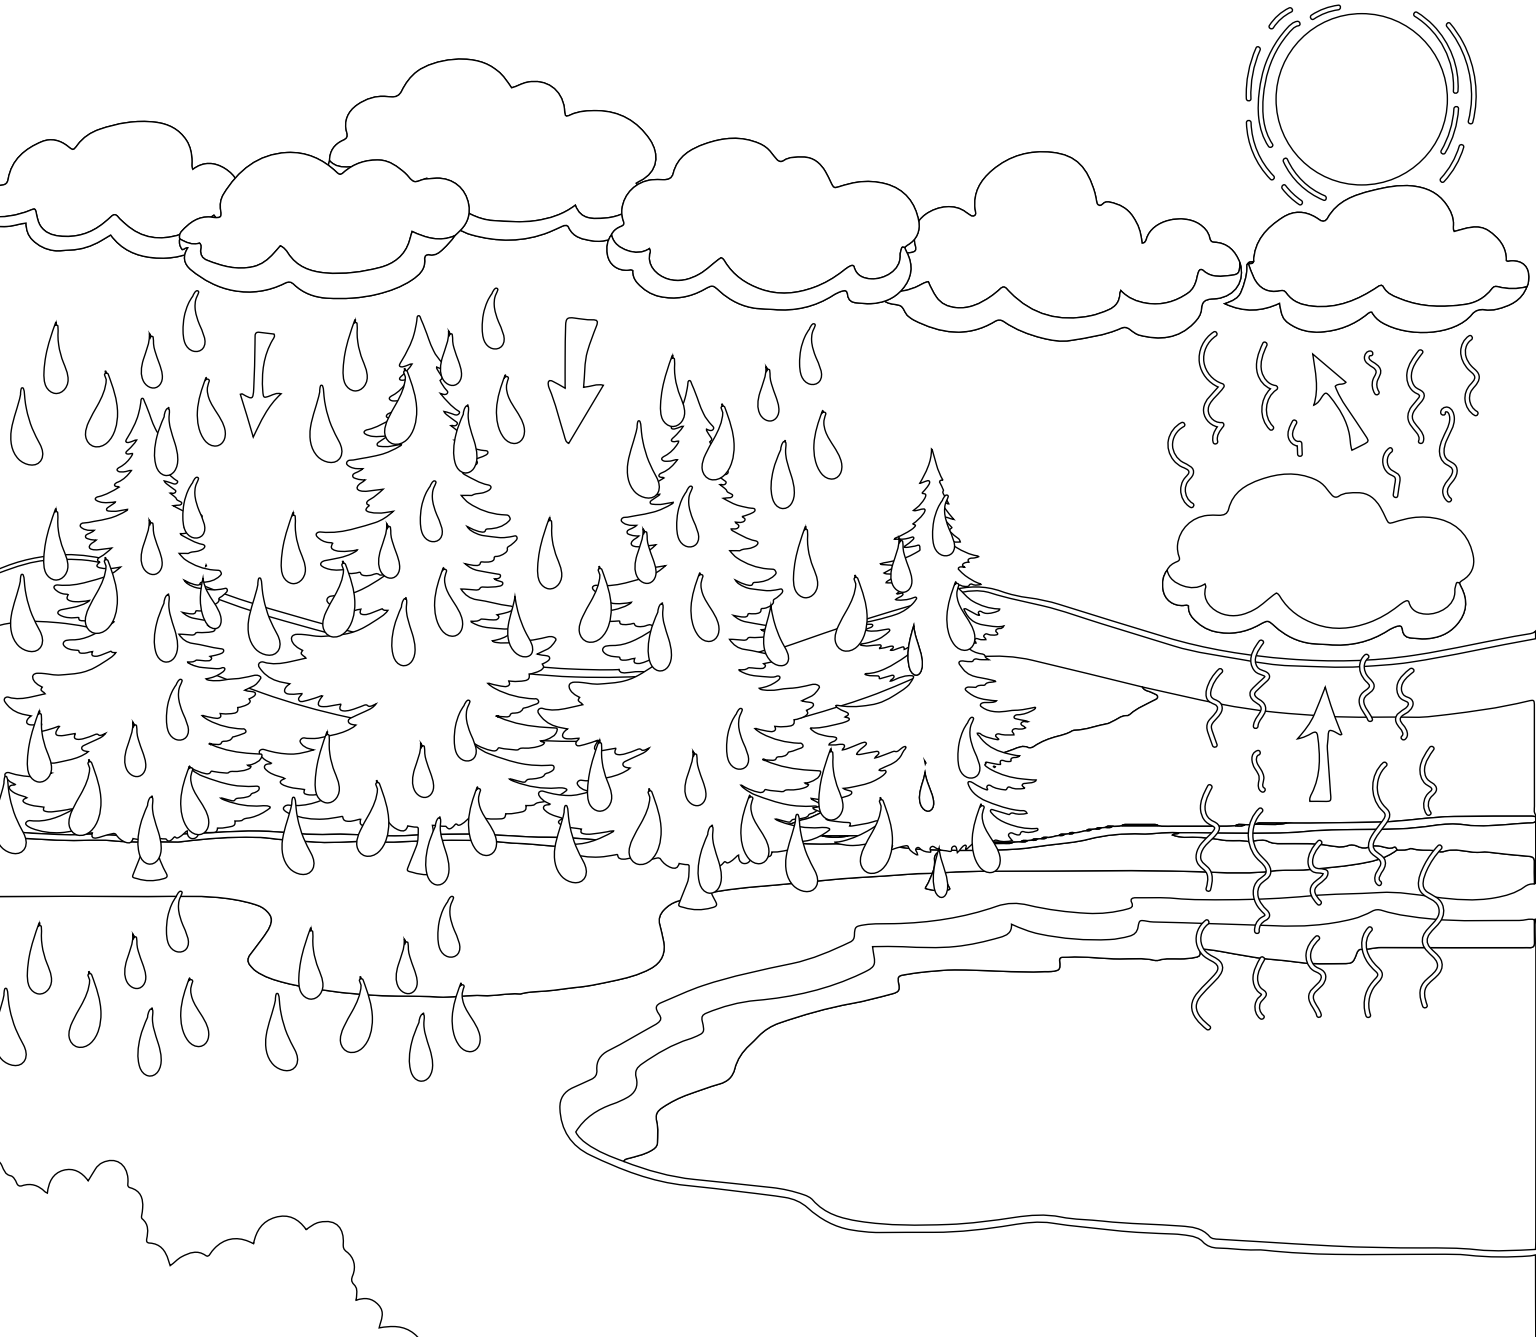

Allah says in the Qur'an:

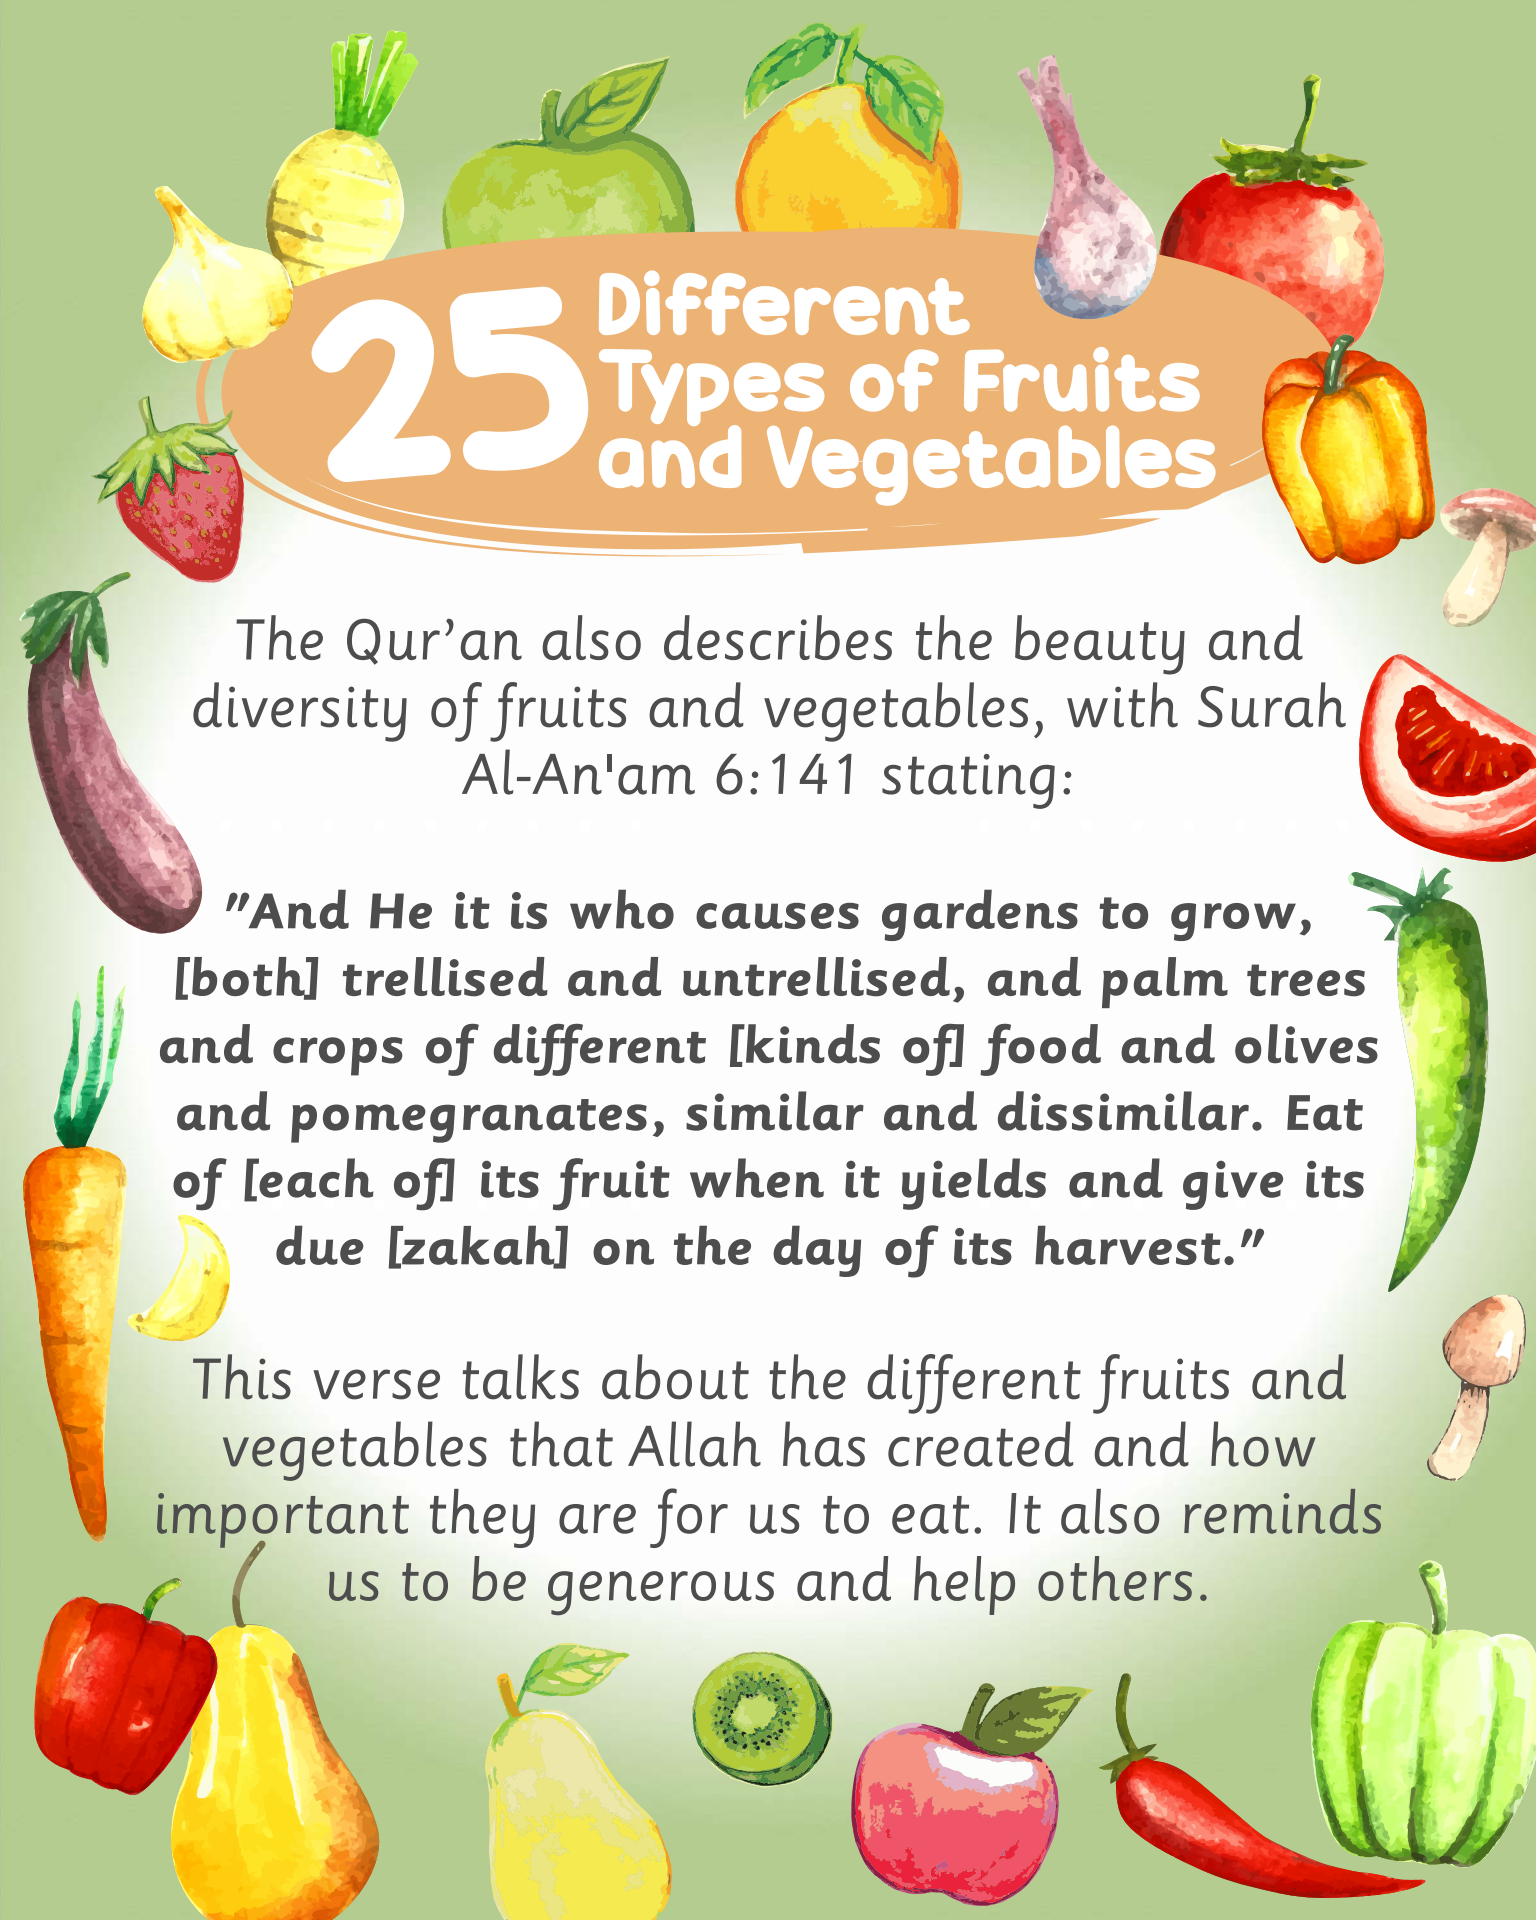

"It is He who sends down rain from the sky; from it is drink and from it is foliage in which you pasture [animals]." [Surah Al-An'am 6:99]

ACTIVITY

Color water cycle

25 Different Types of Fruits and Vegetables

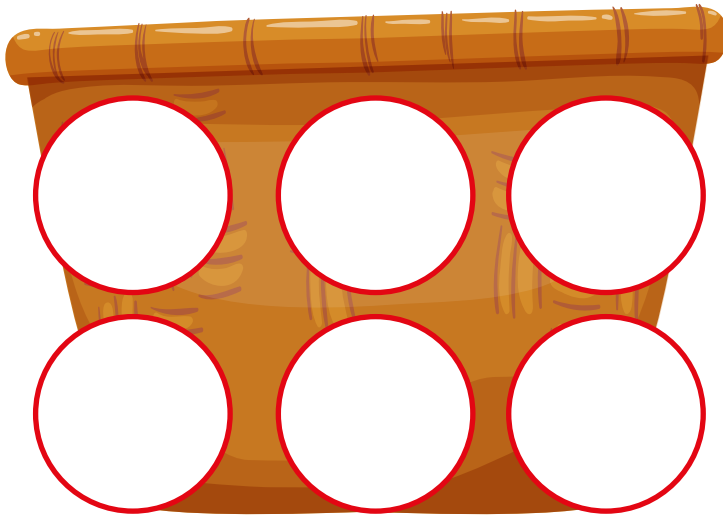

The Qur'an also describes the beauty and diversity of fruits and vegetables, with Surah Al-An'am 6:141 stating:

"And He it is who causes gardens to grow, [both] trellised and untrellised, and palm trees and crops of different [kinds of] food and olives and pomegranates, similar and dissimilar. Eat of [each of] its fruit when it yields and give its due [zakah] on the day of its harvest."

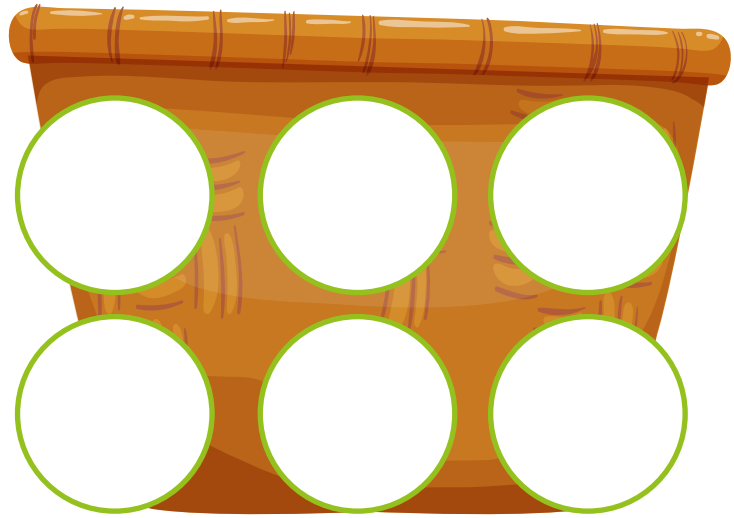

This verse talks about the different fruits and vegetables that Allah has created and how important they are for us to eat. It also reminds us to be generous and help others.

ACTIVITY

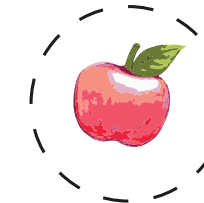

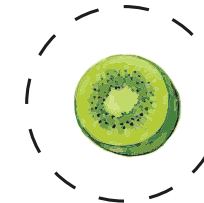

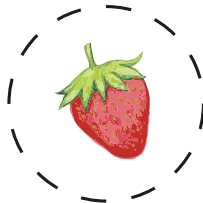

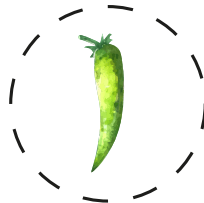

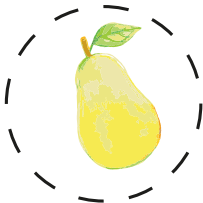

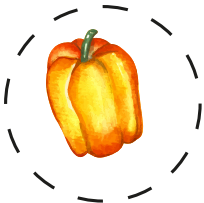

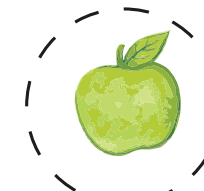

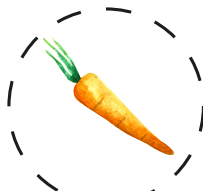

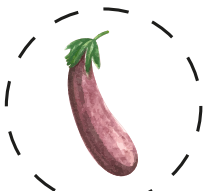

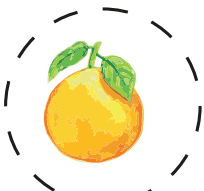

Let's go to the farmer's market. Cut out the fruits and vegetables, and put them in the correct basket.

FRUITS

VEGETABLES

26

The Birds in The Sky

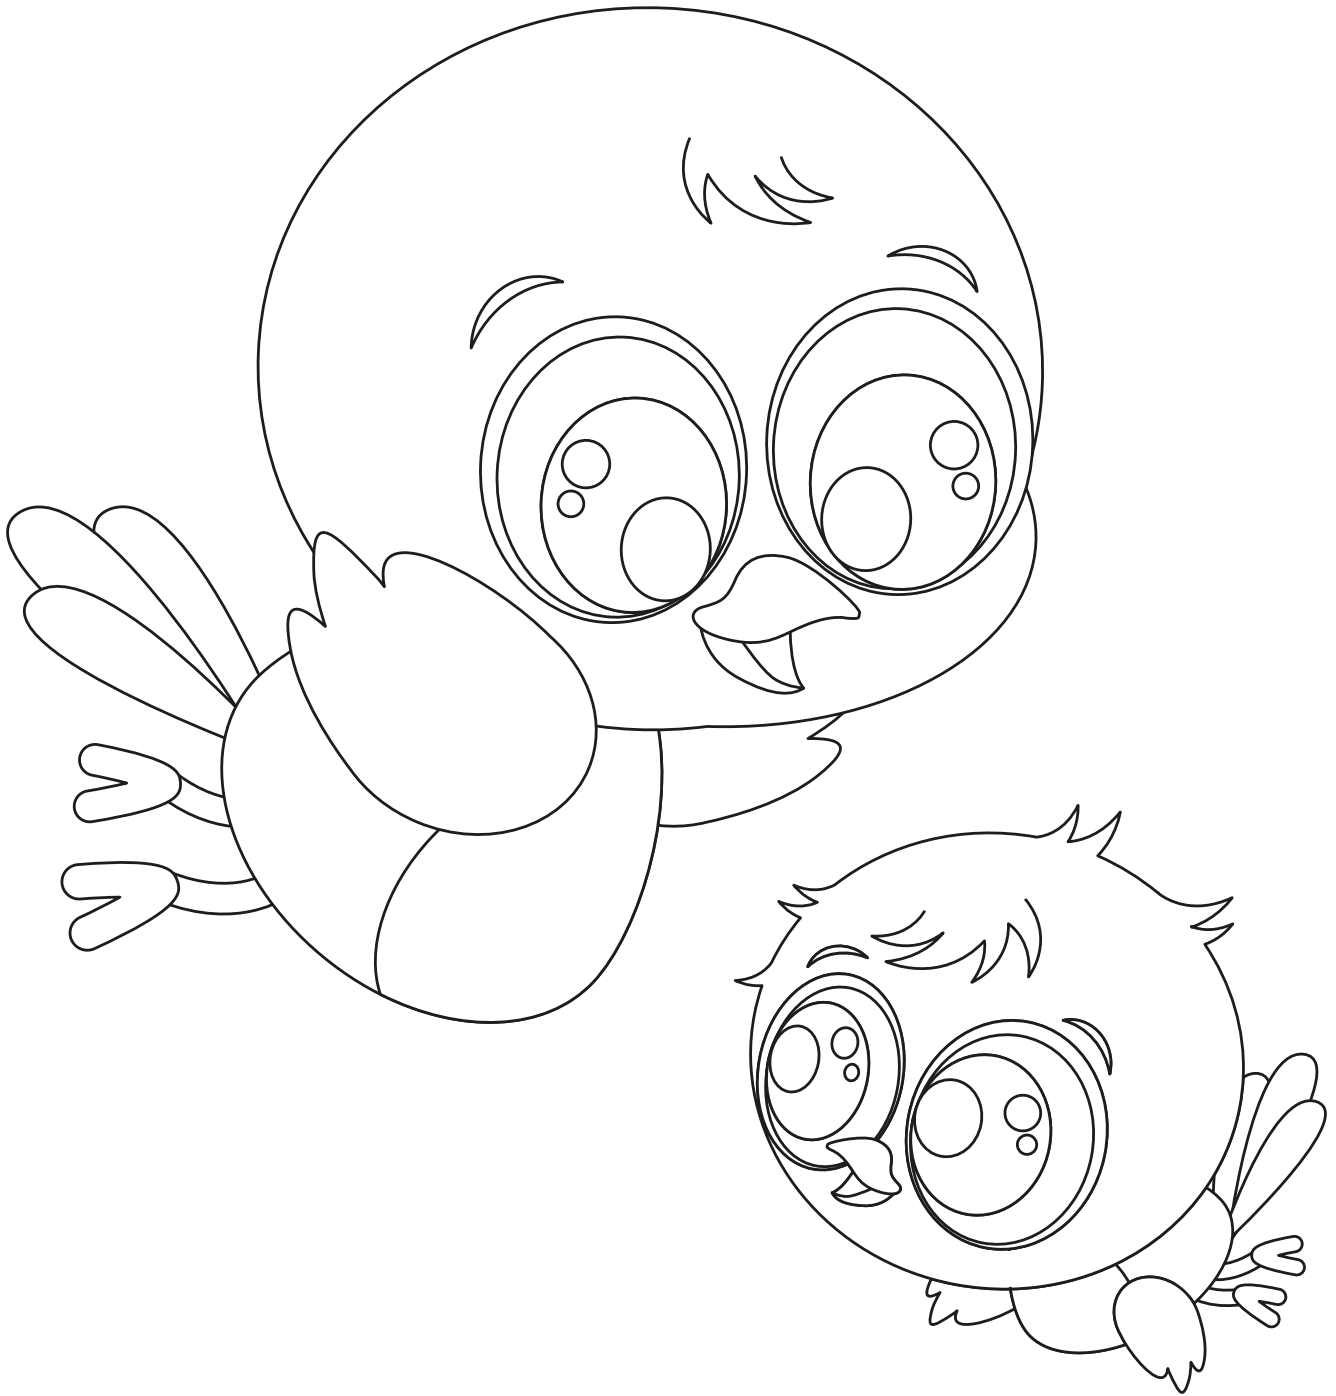

Allah says in the Qur'an:
"Do they not see the birds above them with wings outspread and [sometimes] folded in? None holds them [aloft] except the Most Merciful. Indeed, He is of all things Seeing." (Quran 67:19)

Imagine birds with their wings outspread, gracefully gliding through the sky. Allah is the One who holds them up, making sure they stay up in the air. He takes care of them and keeps them safe. Just like Allah takes care of the birds, He also takes care of us. He watches over us, protects us, and provides for us.

ACTIVITY

Color your Birds!

27 When The Sea Split

In the Qur'an, Allah tells us about the miraculous event when the Prophet Musa (alayhi salaam) split the sea.

In Surah Ash-Shu'ara, verse 63, Allah says: **"So We inspired to Musa, 'Strike the sea with your staff.' And it parted, and each portion was like a great towering mountain."**

When Musa (alayhi salaam) and the Children of Israel were being pursued by Firawn and his army, they reached the shore of the sea.

There was no way to escape. Then, Allah commanded Musa (alayhi salaam) to strike the sea with his staff. Musa (alayhi salaam) struck the sea with his staff. The sea miraculously parted, creating a path through the water. Each side of the sea stood tall like massive mountains, allowing Musa (alayhi salaam) and the Children of Israel to walk safely on dry land. They crossed the sea, escaping Firawn's army.

28 Surah Ikhlaas

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
قُلْ هُوَ اللَّهُ أَحَدٌ ❀ اللَّهُ الصَّمَدُ ❀ لَمْ يَلِدْ وَلَمْ
يُولَدْ ❀ وَلَمْ يَكُنْ لَهُ كُفُوًا أَحَدٌ ❀

Many Muslims around the world often say Surah Ikhlas. It's short, with just four lines, but its message is big and strong.

ACTIVITY

Read Surah Ikhlas today. Then, think of 3 ways to be really sincere and loving to Allah every day.

29 The Mention of Islam's Enemy

Surah Masad is the only place in the Qur'an that talks about one of the enemies of Islam mentioned by name.

Abu Lahab was the uncle of the Prophet Muhammad (peace be upon him). He was the only uncle who openly didn't like him.

Once, the Prophet (peace be upon him) gathered everyone and he said he has an important message to tell them. He (peace be upon him) asked his people to worship Allah and follow Islam. This made Abu Lahab angry because he cared a lot about money, was proud, and worshipped idols. He didn't like what his nephew said and angrily said, "May you perish! You gathered us only for this reason?" Then, a special part of the Qur'an, Surah Lahab, was sent down. It said Abu Lahab and his wife would go to Hell forever because of their bad actions and believing in idols.

ACTIVITY

Determine whether the following statements are true or false. If false, correct the statement.

1. Surah Al-Masad is the 112th chapter of the Quran.

True

False

2. The Surah talks about a man named Abu Bakr.

True

False

3. Prophet Muhammad (peace be upon him) told us the message of Allah.

True

False

30 A River in Paradise!

Surah Al-Kawthar is the shortest surah in the Qur'an. This surah means "abundance" or "goodness".

The surah was revealed to Prophet Muhammad (peace be upon him) during a time when he had lost his two sons and was being teased by the pagans of Makkah. It was a time of sadness, but Allah revealed this surah to comfort and encourage him.

Did you know?

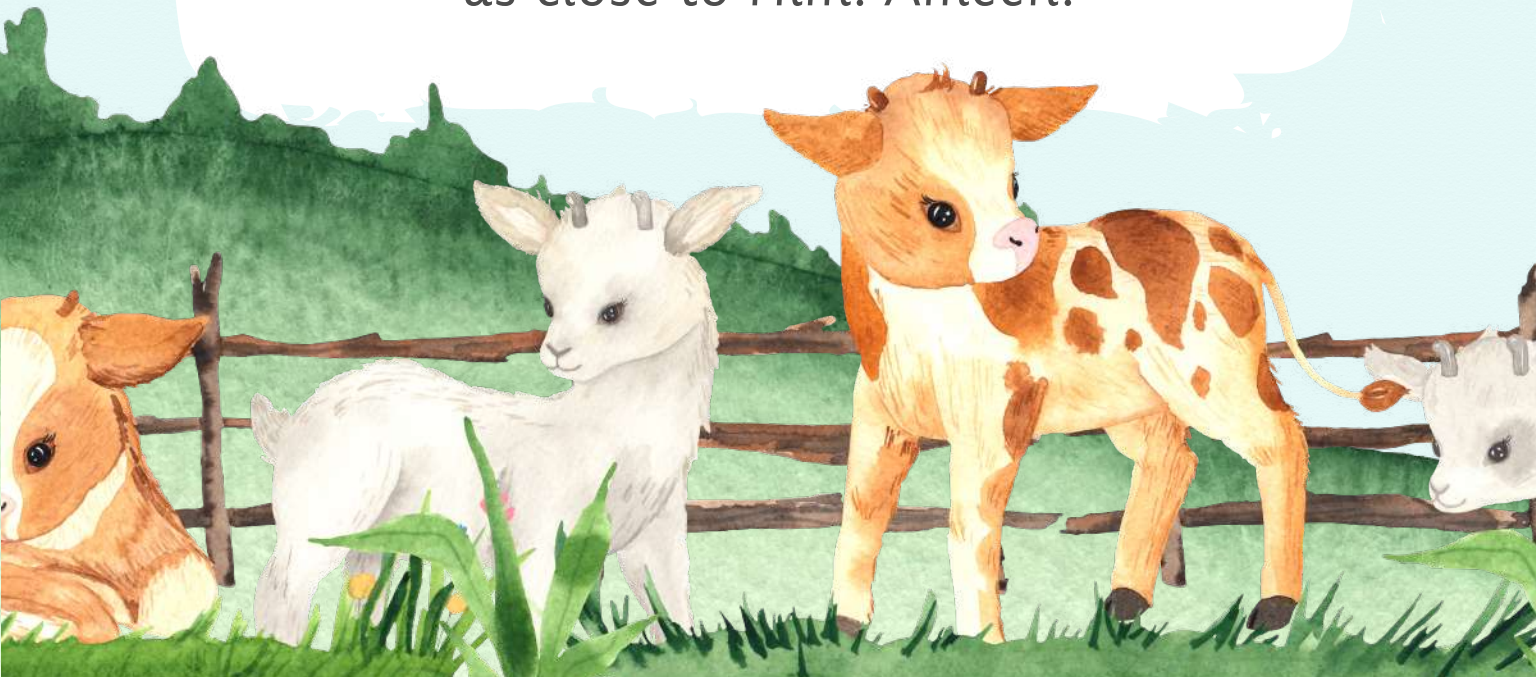

“Al-Kawthar is a river in Paradise whose banks are of gold and it runs over pearls. Its water is whiter than milk and sweeter than honey”.

(At-Tirmidhi)

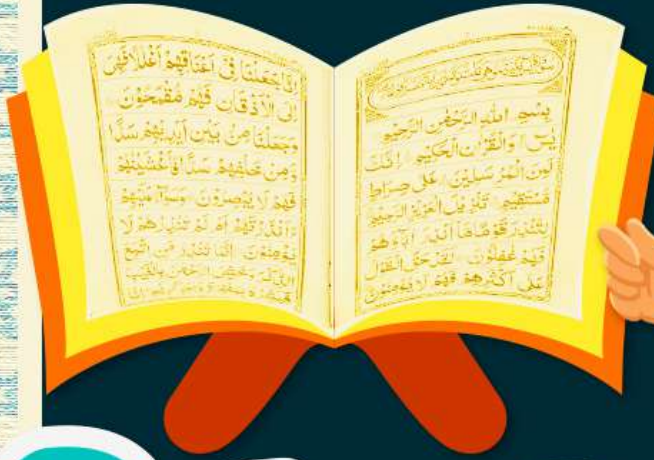

CONCLUSION

The Qur'an is a very special book that teaches us important lessons and shares wonderful stories. It is loved by people all over the world, and it reminds us to be kind and fair to everyone. Whether we read it during Ramadan or any time of the year, the Qur'an is full of wisdom and guidance for everyone to learn from and enjoy.

Hope you had a great time reading this ebook inshaAllah! May Allah allow the love of the Qur'an to enter our hearts and keep us close to Him. Ameen!
